SPECIFICATIONS

Overview

Enjoy all the comforts of home on board this spacious Cruisers 3750 ACMY. The open bridge design allows seating for 6 adults, and a comfortable helm seat for the captain. Twin lever controls paired with bow and stern thrusters makes this boat easy to maneuver in tight docking situations. Being elevated at the helm allows for better visibility and safety, as well as control.

The lower cockpit again has ample seating, storage and entertaining space for cruising. Entering the cabin through a sliding door in the lower cockpit, molded in steps lead you to a full beam salon, filled with ample daylight from the forward facing and side windows. As you make your way through the yacht, the galley is to port and dinette to starboard. The galley, equipped more like your condo, has over under refrigerator storage instead of side by side. This style has much greater capacity for frozen foods. A microwave oven, flatburner electric stove, hardwood flooring and corian countertops complete the spacious galley.

The forward stateroom is separated by a solid cherrywood door for privacy and sound protection. The day head is just starboard with vacuflush system. This second stateroom is the size of most 37 footer master rooms, with hanging storage, reading lights and deck hatch.

Aft of the salon you will find the very large master stateroom. Ample storage space and full tub shower are just a few of the highlights this condo on the water boasts.
