Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Manufacture Provided Description

This Sovran continues the Tiara Yachts tradition of quality and engineering that takes full advantage of Volvo IPS technology that includes the new IPS joystick control for superior handling, noise and fume reduction, and fuel efficiency. The full complement of IPS technology delivers 360-degree direction control at your fingertips. By utilizing the space advantages of the IPS drive in a single stateroom layout, Tiara Yachts designers have been able to open up the salon and increase the size of the head, including a full-frame door and stall shower. The extra space is also put to practical use in a step-down theater - lounging area. The 3900 Sovran is a uniquely livable single-stateroom floor plan that is ideal for cruising. Its living space is well thought out and fitted out with traditional Tiara Yachts attention to quality, seaworthiness and lasting value.

Brokers Comments

This is a great opportunity to step into the most highly equipped 39' Sovran on the market for a fraction of the cost of a new vessel. Anyone that steps aboard "Last Laugh" will truly be impressed with the extensive list of upgrades and condition. She is truly a turn key vessel that is in pristine condition both mechanically and cosmetically.
