Description

In creating the Sailfish 2660 CC we listened to our customers and designed a boat for the toughest offshore conditions while maintaining the features needed for all day comfort. Storage was key in the 2660 and we have utilized every square inch available. Improved fishability with higher gunnels, larger fish boxes, 20% more interior room and transom live well make the 2660 the best laid out fishing platform on the market. Removable rear jump seats provide comfortable seating and when removed, easy access to the fish at the transom. The functional and stylish helm offers ample room for your electronics and multiple storage compartments for gear and equipment. For a design that fits your needs the 2660 is available with a variety of leaning posts, helm seats, two rear seating options, and additional forward seating for eight. Get all this plus the softest ride in offshore fishing with the legendary Sailfish VDS4 variable deadrise hull, the best performing, driest, and most fuel efficient hull in Sailfish history. For reliable performance the 2660 is matched with a dependable factory rigged Yamaha outboard engine.

Exclusions

Owner's personal belongings.
