## Remarks

The unique design by Sea Ray was and is very popular. It provides the benefits of a flybridge without the extreme height. You have a nice walk-thru center windshield to access the bow, ample seating surrounding the helm area, and an easy step down to the aft deck. From there you have a large sliding door to the cabin and also 2 transom doors to access the hydraulic swim platform (both port and starboard). Once in the cabin you experience the the galley, salon and three stateroom layout. This vessel has a custom welded top over the flybridge, newer Garmin GPS 7212 touchscreen with HD open array, newer sunpads, newer sun screen over forward cabin windows and low hours.
