This sturdy and economical offshore commercial fishing machine has a great layout for a 6 passenger commercial fishing business. The Stapleton is designed for one thing, fishing! From the wheelhouse fly-bridge the captain has an excellent view for spotting fish, watching the fishing action down below in the cockpit, navigating and docking. The oversized 14' wide cockpit has ample room for four fighting chairs to be operated simultaneously. As you move forward from the cockpit inside the shaded 1st level deckhouse to starboard is a dinette area. Forward of the dinette area is the lower helm station.
