SPECIFICATIONS

Overview

The Catalina 310 represents an innovative approach to a cruising boat design, as it incorporates the big boat features many couples desire in an easily handled, stable, thirty-one foot hull. The cockpit will comfortably daysail a group and has long seats for napping or sleeping under the stars. Cockpit lockers are numerous and large enough to hold all your cruising gear. The side decks are extra wide and secure for easy movement forward and aft. Sail controls and anchoring systems are well thought out for ease of handling. The accommodations are designed primarily for a couple, with a large owner's cabin forward. A queen size centerline berth, innerspring mattress, and large bank of drawers will appeal to both captain and first mate. Lockers are located both port and starboard. Catalina owners have come to expect excellent light and ventilation, and the Catalina 310 provides plenty of both.

New Flagship Marine AC 16k btu installed August 2012 to keep you in comfort all year long. Specs Keel: Wing Engines Engine 1: Engine/Fuel Type: Diesel

Accommodations

The forward berth features a queen center line berth with innerspring mattress, ample storage with drawers and lockers as well as excellent lighting and ventilation provided by a large overhead hatch, 12V fans and lighting. Privacy is provided by a closable opening in the bulkhead and a privacy door. The Salon features plush settees port and starboard with a small snack table with drink holders which can be easily converted to a larger

dinner table which is normally stored in the aft berth. The well equipped Galley is aft to the starboard. It features everything necessary to prepare a quick snack for the crew or a well deserved dinner after a day on the water, including appliances, H/C pressure water and plenty of storage. Directly aft of the Galley is a functional Navigation Station. Across from the Galley is the Head with a marine toilet, lavatory and vanity and stand up shower with privacy curtain. A large queen berth with sleeping athwartships is aft under the cockpit. It features amazing storage, opening hatch and a privacy curtain.

New Flagship Marine 16k btu Air Conditioning system was installed in August 2012 and keeps the entire boat extremely comfortable.
