## Overview

---

The boat spent its entire life except for the past year and a half stored inside a custom built enclosed heated boat house in fresh water on the Columbia river in Oregon. The paint has never been exposed to weather and is in absolute brand new condition as is the rest of the boat. She now has 1000 hrs. on her 800 HP Caterpillars. The owner have just completed service on them, new fuel hoses, all the coolers have been serviced, engines flushed and new coolant installed. All the batteries in the boat are 1 year old. Here are a few options she has if you have interest I will give you a complete list. She is extremely well equipped with electronics and equipment. She has a large lazarette instead of crew quarters with washer, dryer, deep freeze, dive tank cabinet, water maker, second generator, work bench with vise and tools and ample storage.
