## Overview

---

The Regal 2860 Commodore is a well-built express with innovative cockpit seating and a space-efficient interior. She's unlike other boats of her type and size in that she rides on a stepped hull, a race-bred design said to improve performance by ventilating the bottom. Like most modern express cruisers, the Commodore incorporates a mid cabin floor plan with berths for six. The fore and aft sleeping areas, each with a double berth, are separated from the main cabin by a privacy curtains. (Note that the elbowroom in the aft cabin is at a premium.) In a departure from the norm, the refrigerator is under the forward berth, which frees up some storage space beneath the galley counter. Topside, the cockpit is arranged with a doublewide seat at the helm, an L-shaped settee opposite, and a bench seat at the transom. A walk-through windshield provides access to the big foredeck sun pad. Additional features include a molded bow pulpit, radar arch, cockpit wet bar, tilt wheel, and a transom door. Among several engine options, twin 220hp Volvo Penta DP I/Os cruise at 22–23 knots and reach a top speed in the mid-to-high 30s. This boat was placed in service in 2008 after being a dealer demo in Orlando. It has been kept high and dry at Maximo.

## Basic Information

---

**Category:** Cruiser

**Sub Category:** Express

**Model Year:** 2005

**Year Built:** 2005

**Country:** United States

**Vessel Top:** Arch
