Fuel Type: Diesel

DETAILED INFORMATION

Remarks

Rare opportunity! A very well kept and outfitted 52' Convertible powered with 1360 Common Rail MANS. The 52' is one of the most successful hulls ever designed by Viking, hence the fact that there are 4 different models built off the same hull. Packed with plenty of fuel and low mid 30's cruise the Viking 52' Convertible sets itself apart from the rest. Great helm visibility, spacious flybridge, large functional cockpit carrying a 17'5" beam a very generous 3 stateroom, 2 head arrangement with open galley and salon. The 52' Viking Convertible is hard to top. They have reached a price point offering a terrific performing vessel with a big boat attitude that is efficient and manageable for the owner operator on one of Vikings best mid-range designs. Plumb Crazy has all the extras the 52' needs to make it the ultimate tournament fishing machine.
