# DETAILED INFORMATION

---

## Accommodations

---

Sitting majestically dock side, this ocean voyager at first glance presents herself as almost new. The highly waxed cabin house, gleaming chrome, and the glistening varnish accents are a tribute to an owner who maintains this craft with an open checkbook policy. The stainless steel rails that encircle the deck provide safety underway and the convenient midship and aft deck gates allow for easy boarding. The wide teak decks insure safe footing all around. The new window frames around the cabin deck and pilothouse provide great visibility and ample light below. When going to the forward deck you will see a very capable Lowfrans windlass securing the two massive naval stock anchors. A rigid hull inflatable with 20 hp Honda 4 stroke makes easy access to any island you are anchored off of. The Raised Aft Helm Deck provides an unobstructed 360 degree view for the captain and crew. The large u-shaped aft deck settee makes an excellent place for an afternoon lunch, dining under the stars, or just a lazy day off reading.

When entering the roomy pilothouse you will encounter a well laid out command center. The portside helm provides great viewing through all the large cabin windows. The forward windshield has two wipers and a vented center window.

All the varnished teak wood gives a warm rich feeling. The electronics are all within arms reach and a large counter top next to the helm provides plenty of space for charting your voyage. Aft is a large bench seat with storage below. Several cabinets provide storage along with access to the ships DC distribution panel. The overhead is finished in white panels with teak accent strips and recessed upgraded LED lighting. Other highlights include a Boston Quartz Ships clock, chart locker, vessel angle indicator, brass reading lights, and a new manufactured wood sole.

From the Pilothouse going down 4 steps brings you into the huge salon & galley area. An all new overhead consisting of white panels and teak trim reflect plenty of light around the salon. Forward to port is a huge L shaped settee with storage below. Across to port is another huge L shaped settee with a large teak table top with storage below. The entire cabin sole has been redone in a manufactured wood finish. Other features include curtains all around, book & CD racks, clock & barometer, overhead hand rails, accent lights, and two deck hatches. The galley is located port side aft of the salon. The u shaped galley boasts gas oven & stove, stainless double sink, microwave, refrigerator, and abundant storage.

Forward of the salon down 4 steps is the forward companionway area. This area gives access to the 3 forward cabins and 3 heads. The first cabin to port is your VIP cabin with double berth. This cabin features teak wall coverings, flat screen TV, 2 port lights, deck hatch, reading lights, hanging locker, abundant storage, and enclosed electric head with hand shower faucet. Across to starboard is the 2nd Guest Cabin with over under single berths. This cabin also features deck hatch, hanging locker, flat screen TV, and reading lights. Aft of that cabin is the Day Head with electric toilet and separate stall shower. All the way forward is the 3rd Guest Cabin with over

under single berths. As with all the cabins, there are teak wall coverings throughout, lots of storage, deck hatch, two port lights and access to the chain locker. The 3rd Guest Head has a manual toilet so there is always an operational head without any power needed.

The aft companionway provides access to the laundry/work room, engine room, and Master Stateroom. The Work Room includes the clothes washer, deep freezer, sink, tool box, work counter, A/C distribution panel and storage shelves. An access door to the well lit engine room makes maintenance easy. The dependable 3208 CATs are easily accessed along with all machinery, electrical, fuel and plumbing.

The Master Stateroom all the way aft has a raised island queen berth. There are two huge hanging lockers at the front of the cabin. A vanity with mirrors makes preparing for an evening out easy. The large enclosed head has a shower stall large enough for the entire crew. Appointments include large deck hatch, teak wall coverings, new cabin sole, flat screen TV, 4 port holes and accent lighting.

---

## Galley & Laundry

---

- Double stainless steel sink
- Teak cabinets
- LG refrigerator/freezer
- Frigidaire microwave oven
- (7) cabinets
- Premium 4 burner gas stove top
- (4) drawers
