SPECIFICATIONS

Overview

This is an exceptionally well-maintained example of the popular Eastbay 43' FB. She has had a recent **Alexseal Flag Blue** paint job on her hullsides, updated electronics package, recent full (4-sided) enclosure and bimini on flybridge (front 2 panels are EZ2CY), perfectly varnished teak brightwork, recently re-conditioned teak deck in cockpit, and is powered by the more desirable **Yanmar 500hp** engine package with 1020 original hours. She also has custom 5-blade Teinbridge propellers (with 2 spares props), Westerbeke 9kw diesel generator (835 hours) with soundshield, custom fuel polishing system (fuel can be polished while sitting at the dock, not a typical Algae-X system), flowscan fuel management system, and a fully-custom bench-style companion seat with ice-maker beneath- which sets her apart from her sisterships. She also boasts the desired centerline queen master stateroom layout- which includes a roomy bunk-style guest stateroom and split head/shower. (head is to port, shower is to starboard). The best layout available! This boat is in remarkable condition, and must be seen by anyone looking for a great buy on a down-east style cruising yacht. Owner has spared no expense in her upkeep, and she is standing tall. Very well done!!

Basic Information

Category: Cruiser

Model Year: 2003

Year Built: 2003

Country: United States
