DETAILED INFORMATION

Overview

A good-looking small yacht with a distinctive profile, the Californian 38 Motor Yacht is built on a conservative low-deadrise hull with moderate beam, a three - quarter-length skeg keel, and relatively flat after sections. Hull construction is solid fiberglass. Her floorplan is arranged with double berths fore and aft, and both heads are fitted with separate stall showers. You will appreciate the roomy master stateroom. A sliding deck access door is adjacent to the lower helm station. Hinged steps in the forward companionway provide access to a particularly well designed engine room with good working space outboard of the motors. A bow pulpit, radar arch, teak handrails, and a swim platform are standard. The 210 HP CAT diesels will cruise the Californian 38 around 14 Knots.

(PowerBoat Guide Description)
