SPECIFICATIONS

Overview

Sandial is a very unique 44' DeFever Offshore Cruiser in that her layout is different than most others. She does offer a similar full beam master stateroom aft and a guest stateroom forward, but her salon door is port aft instead of starboard aft, the galley is starboard aft, the guest head includes an enclosed shower, there is a laundry room and she is powered by naturally aspirated Caterpillar 3208 210 hp main engines, just to name a few of the many differences. Sandial is stabilized and offers two generators, custom teak and stainless steel sundeck to swimplatform stairs, custom, folding swimplatform, deeper keel for more prop protection, and three different engine room access points. The sellers have lived aboard and cruised extensively since 1995 and have decided to move ashore in Panama, so Sandial is now being offered for sale. Seller reports a 3gph fuel burn at cruise.
