Broker Comments

You will not find a better maintained 72 Sunseeker and "Alexa" should be on your short list. The

yacht has been continually updated since her purchase in 2006 and the standard of equipment is excellent. Both her interior and exterior entertainment and guest areas are spacious and well appointed; comfortable and cool saloons inside with extensive sunbathing and shaded alfresco dining areas on deck. Standing next to a Predator 72 is something to appreciate first hand. The sheer size and flow of this beautifully proportioned yacht is breath taking. Bold and aggressive, the Predator is among the larger express boats available and the gold standard in quality and design. Built on a beamy, fully cored deep-V hull with propeller tunnels, the Predator's layout is dominated by her fully enclosed helm & upper salon with two pedestal chairs at the helm, opening side windows, large sunroof and massive stainless-and-glass sliding doors that open to the cockpit. There are three staterooms and three heads on the lower level, and the ultra-luxurious salons with its settees, semi-gloss joinery, full sized galley, and lush furnishings is quite impressive. A huge sun pad sits atop the transom garage aft and an optional hydraulic swim platform facilitates launching and retrieving a PWC. Additional features (among many) include a teak cockpit sole, a circular foredeck sun pad and compact crew quarters aft, under the cockpit. A superb performer for a yacht this size, twin 1360 MAN diesels cruise the Predator 72 at 27-30 knots and reach a top speed of around 33- knots. Generously equipped for stylish entertaining, the upper salon is full of natural light and luxuriously finished down to every last detail. The state-of-the-art helm, with observer seats, gives everyone the ultimate vantage point to experience the Predator 72's immense performance.
