DETAILED INFORMATION

OVERVIEW

Are you in the market for a larger classic style cruiser / weekender with sophisticated elegance, luxurious accommodations and the performance of a Ferrari? You found it. Perhaps you are searching specifically for a brand new Chris Craft 36 Corsair? Don't bother paying sticker on a new one and save hundreds of thousands by selecting this better than new 36 Chris Craft Corsair Heritage Edition. The name is timeless and her lines scream sophistication and beauty. This lightly used 36 benefits from the relentless quest of perfection by her current owner who strives to keep her in SHOWROOM CONDITION through continuous upgrades and maintenance. She boasts a full \$27,000.00 paint job received in 2010, all brand new top of the line designer exterior cushions and numerous other upgrades while benefiting from a lifetime of lift kept fully custom covered storage. Custom storage cover is something you have to see to believe and is negotiable with the sale of this vessel. This innovative cover protects everything above the waterline, including the hull paint and her storage protocol has always included active ventilation in the cockpit and active humidity control in the cabin. Her upgraded engines are fresh-water flushed after every use and undergo extensive annual maintenance. As part of that ongoing maintenance, the exhaust manifolds were replaced in October of 2013. Additionally, she features the full Bimini top and was outfitted with a polycarbonate windshield extension and has the full camper enclosure. Trust me, you have found the right boat with all the upgrades in mint condition as well as the right kind of person to buy your next Chris Craft from. He is very detailed and meticulous in every way so the boat remains in stunning condition. She is being offered for sale for the first time since new and is in beyond turn key condition. UPGRADES AND ACCESSORIES
