- 2 mainsail traveler car control lines

Ground Tackle

Brittany 20 kg Brake 25 kg 50 meter (150 ft) chain 50 meter (150 ft) rode Lofrans Windlass (new)

Manufacturer Provided Description

At 44 feet, a reasonable cost, and offering immense space, the Lagoon 440 targets two distinct customer bases: ocean cruisers with an emphasis on performance and ultra comfort within a controlled budget, and the charter market with or without skipper. simple glance at the boat is enough to notice its main distinguishing characteristic: a rigid bimini, with an integral helm station. The percentage of catamarans now equipped with biminis has practically reached 100%, and so it is logical for Lagoon to propose a built-in and much more esthetically pleasing solution. A simple rigid bimini would have satisfied many customer expectations, however we preferred to place the helm station at its ideal central location, with an extra-wide bench seat where guests can join the helmsman and participate in the joys of sailing.

Security

Plastimo Liferafts (2 rafts each 6 persons) Safety jackets (10x) wth automatic Global Security Tracking System "Advanced Tracking" Personal Rescue Lights Epirb Alert Signal Kit Horseshoe Buoy with Light

Basic Information

Category: Catamaran
