DETAILED INFORMATION

Manufacturer Provided Description

Packed with features, the take charge attitude of the 220 Bahia is generating a wealth of accolades from inshore anglers across the country. Measuring 21 feet, 5 inches in length and rated for a maximum of 150 horses, this total performance design is geared to deliver the ultimate shallow water experience that's just as easy on the budget. While the wide open floor plan is ideal for coastal anglers, it's an equally strong layout for inland reservoir anglers and guides. Inside, the Bahia is equipped with a full complement of must-have features including a 7-foot-6-inch port-side rod locker, eight stand-up, rocket-launcher style rod tubes mounted at the console, two baitwell/livewells, a fish box, built-in anchor storage and a wealth of integrated, gel-coated storage on the front deck and at the stern. Elsewhere, the custom engineered helm offers a full array of gauges and rocker switches as well as generous space for modern, large-screen electronics.
