Overview

New Awlcraft Paint/ New Tender/ New Electronics/ New Galley equipment

In June of 2013 Holycow finished a \$1.6million refit by it's second Owner. During the refit the boat was painted from the waterline up to the top of the mast with Awlcraft 2000 (Matterhorn white) and the lazarette received new paint as well. Over the period of four months the boat had many new items replaced that are listed in the following pages.

The Holycow has every conceivable item that could be required for a long cruise. She is truly in Turn Key condition.

Basic Information

Category: Motor Yacht

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Introduction - 2013 Refit

"Holycow" is a custom Astondoa that was designed by the famous **Novulari Lenard Group**. It was specially designed for comfort under way or dock side. The enclosed Sky Lounge having 360 degree visibility can easily be the command spot or the entertainment spot, with an additional control station in the pilothouse for your captain. She has just completed a \$1,600,000 refit, making this yacht a fine example of up-to-date technology and working systems. All electronics have been replaced with the latest Furuno technology. Each entertainment area has its own separate system making it ideal for a family with younger children. The 15' tender can easily handle 4-6 people for diving or just checking out your surrounding area while at anchor. The chilled water heating and air conditioning system has been replaced and enhanced for more efficient output. The appliances in the galley are brand new and are appropriate for this yacht (restaurant quality). The entire exterior, Lazarette and engine room have been painted, showing off her sleek modern styling and extremely clean mechanical spaces. Teak decks completely refinished. This quality of this yacht, with the enhancements, Enclosed fly bridge and updated systems is very rare. This Astondoa is ready to be enjoyed by someone who appreciates the quality of a builder that has been building boats for 100 years. Very few builders can claim that recognition.

Accommodations

This 95 Astondoa GLX has never been chartered. The yacht has always had a full time captain and crew to attend to her needs. Having just completed her refit, she shows extremely well, from her immaculate engine/mechanical rooms, to the burl olive paneling and molding details, and inlaid marquetry throughout the yacht. There is extensive use of marble, with Serdaneli and Jado 24 kt. hardware which compliment the mother of pearl inlaid joinery work. Serdaneli fixtures even have Jasper and Malachite stone insets. The gold plated sinks in the wet bar in the salon and the day head add to the visual effects. Murano wall sconces enhance all areas of the interior.

Main Deck

Entry to the aft cockpit on the MarQuipt ladder with the name engraved, you will notice two inlaid tables with complementing seating around. Upon entering the salon from the double sliding doors, your senses are immediately stimulated by the luxurious space you have stepped into. Your journey will continue as you notice the large comfortable couch with two arm chairs to port along with two more swiveling arm chairs to starboard. A wet bar with refrigeration immediately to starboard services the needs of anyone in the salon or the spacious aft deck area. The salon as well as the outside aft deck have full Bose audio effects. Forward of the salon, beyond the gold leaf and marble columns, is a large table for comfortable formal dining. Murano wall

sconces enhance the special feeling. Separate from the dining area is the galley which can be separate by a beautiful etched door. The galley has all new Sub Zero/Bosch/U-Line appliances and new granite counter tops. A large composite granite sink is color coordinated to the surrounding sink. Deep drawers and cabinets are a chef's dream. Generous refrigeration is here as well. Additional access to the galley is through a door from the port side deck. Forward of the dining area on the starboard side through another etched door, leads one into the marble floor which leads up to the pilothouse on left, followed by the stairway to the lower deck on the left, and into the library, where one can comfortably read a book, listen to quality music, play video games or watch satellite 3D TV. A beautiful skylight enhances the feeling of well being along with the quiet solitude away from everyone else. An office desk, couch, and chairs complete the ambiance. Large windows port and starboard offer ample light when needed.

Crew Quarters

Staterooms are separate for captain and a crew of two. Each has a separate shower, bed, sink, locker, storage and toilet. They are accessed from the main deck. Each stateroom has two separate opening port holes. Both Captain's and Crew Cabin for two, have a separate 19" LED TV/DVD for their enjoyment (NEW 2013).

Lower Deck

Upon stepping down the stairs to the lower level, one is greeted by the almost eye level high "Le Printemps" statue in white marble, further enhanced with directed spot lighting. Proceeding forward, one notices the **Guest Stateroom** to port. Beds for two, and having a closet, end table, and a separate full marble bathroom and shower, all one could wish for would be a separately controlled satellite HDTV, stereo, i-Pod dock, and Blu-Ray player. This stateroom has it! Each stateroom has a separate opening port. Leaving the Guest Stateroom and proceeding forward, is the **VIP** suite. WOW! This is real luxury. As with all other staterooms, Murano wall sconces enhance the woodwork. The size is overwhelming to say the least. Many drawers, two separate large closets and four opening ports, which are hidden by electric curtains. As with the other luxury staterooms, a separately controlled satellite HDTV, stereo, i-Pod, and Blu-Ray disc player are here for your enjoyment. Separate but also as large, is the shower, toilet, sink, and numerous storage areas. These staterooms are complimented with two opening ports. Again the paneling is truly beautiful. Leaving the VIP "areas" we head aft to the **Master Suite**. Having a greeting area, one can only imagine how large this stateroom really is. It is full beam amidship, making this stateroom the largest by far. Here one is completely immersed into an appreciation of the effort it took to create this yacht. Book matched paneling, inlaid mother of pearl, marble, Murano wall sconces, Serdaneli fixtures, Jado fixtures, electric wall coverings, 3D HDTV, Bose Surround Sound, Blu-Ray disc player. WOW! All electronics are concealed behind cabinetry having a large amount of storage. Additionally, there is a concealed thermal camera joystick controller which can be viewed through the 46" HDTV should you want to keep an eye on things while at anchor. There are two completely separate his and her baths. Starboard side has a sink, toilet, bidet, Jacuzzi tub, and lots of storage. The port side has sink, toilet, bidet, shower, and lots of

storage. A large vanity is also on the starboard side.

Sky Lounge

Fully heated and air conditioned in any weather condition, this large area is accessed from the pilothouse or the aft deck. It is complete with a full bar containing an icemaker, wine cooler, and refrigerator, serving people by three bar stools. Opposite the bar, a large seating area for six and a cocktail table are on the starboard side. Further aft is another large table with comfortable seating for eight. Forward is the main helm which has excellent visibility and a full compliment of electronics. Flooring is teak throughout. Aft of the Skylounge is the boat deck where the tender is secured. Lowering the tender into the water via crane, removable tender chocks make this area a great unobstructed area for sun bathing or entertaining with a 360- degree view.

Pilothouse

Accessed from the Main Deck or the Skylounge, this area contains the most instruments of the yacht. Six brand new Furuno monitors retrieve and show visual information necessary for the proper operation of the yacht. A complete computer display of the MTU engines is shown here. This station can be used when privacy is important in the Skylounge.

Engine Room

Accessed through the aft deck or the swim platform, one is immediately amazed at all the sparkling clean white paint in this area. The machinery room aft houses the two Onan 35 kW generators, and a GE clothes washer and GE clothes dryer. On the starboard side are two Aqua Whisper water makers delivering 1,200 gallons per day each. They can be run separately or together and this area is air conditioned. Proceeding forward, through a noise cancelling door, is the main engine room, housing two MTU 1,800 hp engines in a clean white newly painted engine room. The Engines are a sight to see with all Chrome Embellishments. Also in this room is the Atlas Power converter, making this yacht able to go anywhere in the world and convert any power to a usable power source and distributed it throughout the yacht.

Entertainment Systems

- KVH Trac Vision HD7 with Ku/Ka-band TriAD technology for DirecTV HDTV (NEW)
- Several separate audio Systems distributed throughout the yacht were replaced new in 2013 including two 3D flatscreens and full Bose Surround sound.

- NavNet 3D Black Box Multi-Function Processor/Chart Plotter (NEW)
- NobelTec Chart Plotter (NEW)
- C-MAP Caribbean Chart NA-M027 and East Coast Chart NA-M022 (NEW)Rate
- compensating Heading Sensor Model PG-700-NMEA-2000 (NEW)
- Sirius Satellite Weather Receiver for NavNet 3D (NEW)
- ICOM VHF M422 marine transmitter/receiver (NEW)
- CCTV Viewable on Monitors
- Simrad AP28 Autopilot control (NEW)
- FLIR Thermal Night/Day Vision Camera Dual Payload 320X240 with joystick control (NEW)
- Riviera Compass
- VDO Rudder Angle Indicator
- MTU Engine Synchronizer
- Bennett Trim Tab System Control
- Jabsco Model 60010-2 series 255 search light control
- BCS SidePower Hydraulic Bow Thruster control 32 hp
- Side Power Electric Stern Thruster Control 20 hp (NEW)
- Panasonic Intercom Model KX-T7030

Electrical System

- Onan Admiral Generator 35 kW (2), hours: port - 3,635 and starboard - 4,643
- ATLAS Energy System Frequency/Power Converter
- Glendinning Electric Cable Master Storage System forward and aft
- 12 Volt batteries (26) for quiet anchoring at night (NEW)
- MasterVolt Mass 24/100 Battery Charger (2)
- MasterVolt Mass 24/3500 Power Inverter (2)

Mechanical

- MTU V16 Series 2000 Diesels (2)
- France Helice Nibral 4 Blade Propellers 42" Diameter Custom "Radice" (2)
- ZF Gearbox (2)
- Delta "T" Air Intake/Exhaust system
- Cruisair 5-Ton Chillers 10-ton 120,000 BTU
- Water heating (3) tanks of 26 gallons each, are installed where appropriate in vessel

- SST Propeller shafts (2) (NEW)
- Gyro-Gale Quadra Wing Fin Stabilizers
- BCS Bow thruster hydraulic powered electric activated 32 hp
- Side Power Stern thruster, 20 hp (NEW)
- Hynautic Power Steering System
- Bennett Trim Tabs Hydraulic Powered Electric activated (NEW)
- Sea Recover Aqua Whisper Watermaker (2) 2400 Gallons per day total (REBUILT 2013)
- Sight gauges for Fuel Tanks with Backup Ditel Corp Digital Gauges
- Racor Fuel Filters 1000 FG Turbine Series for Main Engines (4)
- Racor Fuel Filters 500 FG Turbine Series for Generators (2)
- VacuFlush Heads (7) with elongated bowl. (2 NEW 2013)
- Effluent hose drain system, accumulator valves, check valves (NEW 2013)
- SeaLand Tank Watch 4 Level Monitor Systems (NEW)
- Headhunter fresh water pumps (2) for ship supply with accumulator tanks (2) (NEW 2013)

Galley

- Sub-Zero Refrigerator/Freezer Drawers (4)
- Liebherr Refrigerator (NEW)
- GE Advantium (cooking with light) oven (NEW)
- Bosch Induction cooktop (5 burners) (NEW)
- Bosch Electric Oven (NEW)
- Bosch Dish Washer (NEW)
- Blanco Diamond Composite Sink (NEW)
- U-Line Ice maker with ISOPURE UV Water filter system (Flybridge) (NEW)
- U-Line Wine Cooler on (Flybridge) (NEW 2013)
- U-Line refrigerator on Flybridge (NEW 2013)
- U-Line refrigerator on (Salon Bar) (NEW 2013)
- Jenn-Air Electric Grill on (Flybridge)
- Built-in waste receptacle (Galley) (NEW 2013)
- Panasonic Intercom Model KX-T7030
- Reverse Osmosis System (NEW 2013)

Deck & Safety Equipment

- Anchors 200 lbs, (2) 95 kg each
- 300-feet total (90m) 200 ft. chain (60m) .59 Inch (15mm) chain
- Electric Capstans in Cockpit, Port and Starboard with foot switch
- Air horns
- LoFrans Anchor Windlass 24V - Serviced 2013

- Jabsco Model 60010-2 Series 255 Search Light
- Ships Bell permanently mounted on bow (NEW 2013)
- Sanguinetti 1,325 lb.(600 KG) Tender Crane with backup remote control - serviced 2013
- Opacmar passarelle with remote control Hydraulic Power - serviced 2013
- Swimming ladder
- Deck shower on bow and stern
- OCTO Dockside Pure Water Softener (NEW 2013)
- (4) In-Hull boarding gates
- (2) MarQuipt boarding ladders

Safety & Fire Equipment

- Fire extinguishers throughout
- CO2 Engine Firefighting System
- (2) Revere Offshore Elite 8-person life rafts (NEW 2013)
- (3) Panasonic closed circuit TV's
- (3) Johnson bilge pump automatic, 2000 GPH
- Manual bilge pump with manifold to separate bulkheads
- Crash Bilge Water Extraction System
- Alarm System for smoke, fire, high water, and intruder
- FLIR Thermal camera control viewable/Master Stateroom for security while at anchor (NEW 2013)
- Two Digital radars identifying proximity to course, speed, and direction (NEW 2013)

Tender

2013 AB 15DLX 15-foot hard bottom inflatable, which includes a Yamaha 70 hp outboard, VHF, Fusion stereo, Bimini top, dived ladder, anchor and chain, removable deck chocks, and lift harness. (ALL NEW 2013)

Remarks

This custom designed Astondoa 95 GLX has a factory built enclosed Skylounge that is air conditioned for your comfort. A rare find on a yacht of this size. Additionally, extra sound insulation has been applied during manufacturing to further enhance your pleasure aboard. The execution of this refit is the collaboration of years of knowledge and common sense. This yacht has been correctly refitted with many items not listed above. Systems that failed are now new. Countless hours have been devoted to the appropriate sourcing of enhancements to this yacht. When this idea began, the yacht was truly beautiful, not something anyone would expect to spend any money on. This yacht will fulfill the needs of its next owner for a long time.

Exclusions

Potential purchasers should assume that those items aboard vessel, which are not specifically listed in this specification sheet, are excluded from the sale.

Exclusions

Owner's personal belongings.

Disclaimer

The Company offers the details of this vessel or yacht in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his representatives, agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel or yacht is offered subject to prior sale, price change, or withdrawal without notice.
