## Overview

---

"Lagniappe" is a fine example of a well-cared for Wauquiez (pronounced vokey-ay). This French built yacht must be considered by anyone wanting a top quality built vessel, capable of long off shore passages with a short handed crew. Combine great economics to operate & maintain plus stunning style under sail or docked, this vessel makes for a proud owner.

Lagniappe has been hauled every year since new for inspection and bottom paint. **The Dodger & Bimini, Raymarine electronics, foresails and much more have been replaced since 2012.**

The only thing a new owner needs to do is provision and **GO!**

***Why wait? Make an appointment to see Lagniappe today... Boat Name Lagniappe Specs

### Accommodations

**Lagniappe - is "a little something extra".** The beautiful open layout is designed for comfortable living while cruising or at anchor. Upon entering the main cabin from the

companionway you are wrapped in a golden-hued Burmese teak interior. Satin-finished teak-and-holly flooring flows through-out. Aft are twin cabins with double beds, hanging lockers, big side lockers and side shelves, with more storage behind the motor. The L-Shaped Galley is to starboard with all the right appointments - S/S Double Sink, ENO Propane Range, Fridge & Freezer and plenty of room for provisions. Forward of the galley is the Nav Station with two built-in seats. To port, across from the galley is the guest's head which doubles as the day-head when sailing. Just forward is the settee with comfortable seating for six. Forward, thru an arched door is the owners stateroom with en-suite head. Includes a built in seat, hanging locker and generous storage.

## Construction

GRP and balsa sandwich hull construction, using the infusion process for an optimum fiber / resin ratio. Protection from osmosis with vinyl-ester resins for the external layers of the sandwich. The hull incorporates a one piece floors & stringers structure. The main floors are glassed to the hull in the keel attachment area for extra strength. Bulkheads are glassed and / or bonded to the hull and deck for added stiffness. GRP, resin & balsa sandwich deck construction. Hull to deck joint via polyurethane adhesive and mechanical fastening. Lead keel with stainless steel bolts.

## Broker Comments

Lagniappe has received above average care with recent upgrades! Seller has enjoyed sailing the Mediterranean and beyond. The wind generator has been more than adequate for the electrical needs of the seller - whether on the hook or at the dock. Included is a newer electronics package, dodger, bimini, sails and more. If your dream is to cruise during extended weekends or longer in comfort and style, Lagniappe is for you.

## Offers are Welcome - It is Time to Go Sailing!

\*Owners personal items are excluded from the sale.

\*\*Owners inflatable dingy & outboard are negotiable - separate from the sale of Lagniappe.
