LOD: 36' 3" (11.05m)

Beam: 12' 9" (3.89m)

Min Draft: 3' 6" (1.07m)

Speed, Capacities and Weight

Cruise Speed: 18 Kts. (21 MPH)

Max Speed: 24 Kts. (28 MPH)

Displacement: 20943.91489 Pounds

Water Capacity: 119.934111608 Gallons

Fuel Capacity: 480.264790536 Gallons

Accommodations

Total Cabins: 2

Total Berths: 6

Total Heads: 2

Hull and Deck Information

Hull Material: GRP

Deck Material: GRP

Hull Designer: Aqua-Star Ltd.

Engine Information

Engines: 2

Manufacturer: Caterpillar

Model: 3126

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Broker's Comments

This 2000-vintage 118 (a development of the previous 38, using all of Aqua-Star's commercial heritage and know-how) has been owned from new and professionally maintained – and it shows. Running on the powerful twin Caterpillar 3126 300HP diesel option, she will growl along into the low twenties and run comfortably through more confused seas thanks to her round-bilged semi-displacement hull form.

Two great cabins (including a superb aft double with ensuite facilities) have made these a go-to choice for cruising motor-yachties. The newer-style moulded aft stair on this boat make for far easier aft bathing platform access, and give a large opening hull-light in the transom to light and air the aft cabin.

This one has a regular raised aft cockpit in teak – with teak platform and treads – with the easier maintenance option of non-slip painted side and fore decks. Bow and stern props, radar, holding tanks and heating make for a very attractive cruising inventory.

Construction

RCD Status: The yacht conforms with the essential safety requirements of Directive 94/25EC (Recreational Craft Directive) and is categorised B – “Offshore”

Hull, Deck & Superstructure Construction:

- Dark blue GRP hull.
- White GRP superstructure.
