SPECIFICATIONS

Overview

La Pellegrina is a 50m Couach 5000 FLY due to launch in 2012 from Couach Yachts in Gujan-Mestras (France). Couach Yachts is also responsible for her superior engineering, exterior and elegant interior design. With a name that translates to “the pilgrim”, one might expect superyacht La Pellegrina to be a classic vessel with a traditional take on design and style. However, that couldn't be further from the truth with this grand Couach vessel, that was launched in 2012. Admittedly, she does have a traditional touch with regards to her personality, but that is mainly due to the wonderful hospitable ambiance than with the design scheme.
