SPECIFICATIONS

Overview

One word sums up this Ed Monk designed Ocean Alexander. WOW!

KOKOMO is an exceptional example of a well equipped and maintained Ocean Alexander 426 Classico sedan. Built with Northwest cruising in mind, KOKOMO features covered side decks which make handling lines and docking a breeze.

KOKOMO's current owners have done a tremendous job of updating her over the three and a half years of ownership. The list of updates, replacements and additions is extensive to say the least. KOKOMO's Caterpillar engines offer the ability to cruise economically in a range from 9 to 14 knots.

Average fuel burn at 1750 RPM's is 5.7 gallons per hour with a speed of 10 knots.
