## Overview

---

The owner's main principle for the Ranger 58m is functionality, highest safety standards and comfort on top of solid construction.

This yacht is made for serious exploration with onboard luxury and lifestyle.

An elegant, timeless exterior with modern lines and a classic touch lend a unique character to this Explorer with pure understatement.

Some of the main features are the Bridge Deck and Observation Deck with Research Area and Office, Library and Seating

Area next to the Wheelhouse, Whale Watching Stations and inside and outside Observation Seating.

These features give all passengers the opportunity to play an active part whilst exploring the world.

When traveling, guests can use these facilities to spend time researching their environment, the flora and fauna of their route. Gear, such as sport fishing chairs, diving equipment, whale watching stations and separate vehicles like a helicopter, an All-Terrain Vehicle (MB G-Class) and/or skidoos for access to snowy regions, make the trip an unforgettable mission and bring the world closer to the owners and their guests.

Enough space for crew guarantees perfect service and safety onboard.

Since Egg and Dart is fully aware of the increasing requirements, for all means of transport, to be more eco-friendly, the project team has therefore been consulting with leading manufacturers of both main and auxiliary marine propulsion units to enable them to offer an eco-friendly technical specification to a potential client. In addition, every effort is made to ensure that the materials used for our interior finishes are from sustainable sources.
