SPECIFICATIONS

Overview

Well equipped and maintained, "Not Yet" features the Cummins 380 HP QSB5.9 electronic diesel, newer canvas, A/C, radar mast, VacuFlush, teak and holly, cockpit bimini, etc. Rare tri cabin vessel, white hull with dark green striping and canvas. Shines and shows like a new vessel! The 35 Command Bridge has been designed to give you soft yet stable ride in heavy sea conditions with miserly fuel consumption. The bridge gives the 360° visibility of a flybridge yet the cockpit is only a few steps away which allows for better communication and easy access. With the new Cockpit,(compared to the 32+2), the 35CB is truly the Fishing Machine for the Cruising Family. Even if you do not fish, the 44 cu. ft. of added stowage in the transom is always welcome and can serve as great built in coolers for beverages and the like. Complete maintenance logs, receipts and all manuals available. This is a vessel you really need to see to appreciate. Ready to take you for that extended cruise you have always dreamed about.

Owners are ceasing their extensive cruising and are seeking offers. Smaller trades considered.
