Fuel Type: Gas/Petrol

DETAILED INFORMATION

Vessel walkthrough

Entering via the swim platform a transom door to port leads to the aft Cockpit area with a fore and aft lounge to starboard that converts to a sun lounge. A removable high gloss vanished table for this area can be stowed when not in use. To port is a wet bar with refrigerator and a swivel companion seat next forward. To starboard is the two person helm seat with flip up bolster for driving while standing. The entrance to the Cabin on centerline doubles as steps to the Foredeck via the hinged center windshield. The Cabin area has a Head at the base of the stairs to port followed by the Galley. To starboard is a pull out settee with stowable table. Forward is the bed which can be set to incline for reading. Aft is a lounge which converts to a double berth. forward is a mirrored bulkhead with cherry trim. Either side of the mirror are stainless steel reading lights. The berth itself is a tapered double centerline berth with an electrically activated feature that raised the forward third of the bed for reading or watching TV. To both port and starboard are dual cherry cabinets for storage. Below the cabinets are dual stereo speakers (four total) and an upholstered shelf to match the bedspreads. Next aft on either side are twin lockers, the portside with shelves and the starboard side with a hanging rod. Below the cabinet to starboard is a small two door cabinet. Below the berth facing aft is a large storage drawer. Above the berth is an Ocean Air sliding shade or screen covering a deck hatch and a Jensen 17" fold down LCD TV with built in DVD player, game ports and dual overhead lights. The berth can be separated from the rest of the Cabin by a sliding curtain tucked away to port.
