SPECIFICATIONS

Overview

"YALLA" was probably the most innovative steel construction Motor Yacht when delivered by Heesen Yachts.

Specially designed for her original Owner by Franck Laupman of Omega, "YALLA" is the first fast displacement Motor Yacht offering a top speed of 17 knots with excellent seaworthiness as well as nearly 5000 nautical miles range.

Constantly maintained and upgraded regardless of cost by her build Captain, she has only been used privately since new. "YALLA" is now offered in excellent condition with low engine hours and a full new paint job (2013) as well as a new Audiovisual system.

YALLA's accommodation for 12 guests is spacious and well-equipped, and includes a large Owner's suite on main deck; two double guest staterooms and two twin guest cabins (each with pullman beds) on lower deck.

Tender garage convertible into a large beach club with its own facility and sauna, opening to a large swimming platform.
