Accommodations

This is the owner's version. Forward is a large V-Berth cabin typically used for crew. It has a private head and shower. Aft to port in the walk through is a storage area and work station. Further aft to port is the laundry area which is directly across from the large galley.

Up a step to the newly decorated main salon with dinette to starboard and 2 easy chairs to port. Aft to starboard is the wet bar with ice-maker and aft to port is the sit down nav station. The salon features large, 360 degree viewing windows and 4 large overhead hatches.

Aft and down a step are 2 guest cabins, port and starboard. Both feature large double berths and

private, ensuite heads and showers.

All the way aft is the large owner's cabin with centerline king berth, settee to port and large, private head and a stall shower.

The interior is fully air conditioned but also has a large number of opening ports and hatches to increase the airy, bright feel inside.

The large Irwins are all known for their bright, airy interiors featuring great guest accommodations while leaving the crew in totally private quarters forward. All chefs love the spacious galley with loads of refrigerator/freezer space.
