# DETAILED INFORMATION

---

## Vessel Walk-through

---

The 540 Coupe by Cruisers Yachts is another revolutionary, cutting edge design by one of Americas premier yacht builders. This is one of the first large express yachts powered by the Volvo IPS pod drive system. Excellent performance and unbelievable fuel economy are hallmarks of this model. This one owner 540 features the enclosed helm with NO forward isinglass AND a walk through windshield for safe and easy access to the foredeck. Two dedicated Marine AC units provide climate controlled comfort in the cockpit/helm area. The large cockpit features a "summer kitchen" with grill, ice maker, refrigerator, and sink. The huge cockpit table and large lounge to port provides a great place to hang out, watch the ball game, or just relax with family and friends.

The helm features two, powered bucket seats and a fantastic "command center" with full instrumentation and a complete electronics package. The Volvo IPS system features joystick docking which makes docking this yacht a "no brainer."

Below decks is a really spacious salon with large couch with pop-up footrest to stbd and a huge galley area to port. Corian countertops, dishwasher, refrigerator w/ separate freezer and tons of storage make the galley extremely comfortable and functional. Two private staterooms with their own heads w/ separate shower stalls is the perfect layout. The master stateroom is a full beam stateroom with a walk-around queen size berth. And again there is tons of storage, closet space and drawers for your personal items. Beautiful, real cherry wood cabinetry throughout with exquisite workmanship give this yacht an upscale feel.

This yacht cruises at 28-30 kts and has a hydraulic swim platform as an added bonus.

This 540 Cruisers has had excellent service and is ready for her next owner. Call today for an appointment to see this fine yacht.

---
