Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 6CTA8.3-M

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

Boarding the vessel is made easy by the port and starboard wing gates with the adjustable Tide Ride boarding ladder. The wide non skid decks provide easy access to the bow or aft sun deck. The bow has two large sun pads for the sun lover or just a great place to sit and experience the voyage. The aft sun deck has a fiberglass hard top and a 3 sided enclosure. The wing doors can be shut to deflect wind underway. Some of the sun deck features include wet bar with sink and ice maker. There is an aft bench seat with beautiful teak pedestal table along with a portable Magna BBQ.

Going up 3 steps brings you to the large fly bridge. The forward central helm provides unobstructed 360 degree view. There is a wet bar to port and a large u-shaped bench seat aft with pedestal table. The Bimini and 3 sides of the Eisenglass were recently replaced.

A sliding plexi hatch provides access to the enormous Salon. The overhead in the Salon is a light vinyl with recessed spot lights. The sole is a sand colored carpet. Forward to port is a bar with Avonite counter top. Storage cabinets below and two pedestal bar stools. Across to starboard is an L-shaped leather settee with adjustable high low table. Moving aft to starboard is a large L-shaped settee with pull out foot rests. Across to port is another small leather love seat which converts to a sleeper. Behind that is the entertainment center which features a large Samsung flat screen TV, Bose Surround Sound system, stereo, and DVD player. The abundant Salon windows have both shades and levelor blinds.

Moving forward and down two steps to port is the u-shaped Galley. Highlights include Avonite countertops, refrigerator, freezer, molded in sink, microwave, stove, oven, trash compactor, numerous teak cabinets, and under sole storage pantry.

From the Galley across to starboard is a small Guest Stateroom. There is a single berth, two cabinets, port hole and reading lights.

All the way forward is the VIP Stateroom. This stateroom features a large island queen berth. Some key appointments include built in TV, huge cedar lined hanging locker, numerous teak accent cabinets, deck hatch, and private door to the day head. The day head has a large stall shower and Vac-u-flush head along with teak cabinets.

All the way aft is the full beam Master Stateroom. This roomy stateroom has a huge island queen berth. A private en suite head has a separate shower stall with seating area along with Vac-u-flush head system. There are teak cabinets all around and a full complement of AV gear including TV, stereo, and DVD player. A large transom hatch provides a great water view at anchor. The washer and dryer is located in the companionway at the staircase. The back splash of mirrors along the numerous port lights provide plenty of light in the aft cabin.
