- **And More!**

Vessel Walkthrough

Beginning aft, on the swim platform, a transom door leads to the completely covered aft deck/cockpit. Full walk-around, covered side decks with bulwarks and stainless steel rails offer safety and a sense of security when moving around underway. Going forward, a stainless steel Sampson post, electric windlass and dual roller bow pulpit make setting and retrieving the anchor a breeze.

The extended salon and galley area is entered from the aft deck through aluminum framed glass swing-out double doors. Rich satin finished cherry wood paneling is used throughout the interior. The salon and galley sole is cherry and maple. Immediately to starboard is the large galley with full size, dual voltage refrigerator and freezer, microwave, 3-burner range and oven, and a built-in coffee maker. There is an abundance of drawer and cabinet storage with a dedicated dish storage locker as well as an under counter trash receptacle. A flat screen TV and Bose audio system is mounted just above the refrigerator/freezer. Forward of the galley is the lower helm station and starboard side sliding entry door. On the port side aft is an Ultra leather sofa followed by a full dinette with high gloss cherry wood table and seating for four with a comfortable cushioned bench seat and two stools with cushions.

Down three steps centerline to port is the guest stateroom with two single berths and cedar lined hanging locker. A filler cushion inserted between the berths converts them to king size. A cedar lined hanging locker is forward of the port side berth. The master stateroom is forward with a centerline inner spring queen berth with drawer storage beneath and two cedar lined hanging lockers. The head, with a separate stall shower is accessible from the master stateroom or the companionway directly across from the guest stateroom

The spacious flybridge is accessed by an easy molded stairway on the forward starboard side of the aft deck. The forward area of the bridge is fully enclosed by Eisenglass with U-zip openings and features seating for a crowd. Two facing cushioned settees are separated by a large table with two leaves hinged to a stainless steel rail enabling them to swing down when not in use. The centerline helm with cushioned pedestal seat is flanked port and starboard by molded in forward facing companion seats. Just outside the enclosed area of the bridge aft to port is the "Summer Kitchen" contained in a fiberglass cabinet with lift up top which houses a propane grill, ice maker, sink and additional storage. A 24" round table with two deck chairs on the boat deck is perfect for alfresco dining or a late afternoon cocktail.

Salon

- Sole 15" LCD flat panel TV
- Bose 3-2-1GS Series 2 DVD 2.1 channel entertainment system
- Ultra leather sofa w/2 large throw pillows
- Aft bulkhead curtain
- Sliding side windows
- Port & starboard mini blinds w/upholstered valences
