ХАРАКТЕРИСТИКИ

Обзор

If you are looking for an exceptionally clean, moderately priced, diesel-powered flybridge yacht, you have just found it. This boat definitely has the "WOW!!" factor! One would be very hard pressed to find a boat in her class that is anywhere near as nicely kept and equipped as the "Schnaps Idee". Not only is she super clean, but she is rigged with the latest and greatest of just about anything one would desire in a cruising yacht. She has both a bow thruster and a stern thruster, underwater lights, SAT TV system, Jensen Bluetooth stereo system on flybridge, Sony stereo, Sony 27" Flat screen TV with Polk Audio sound system in salon, new Raymarine electronics package (touch-screen chart plotter, radar with AIS system, fish finder, autopilot), low hours on her Yanmar 6LPA-STP 315hp diesel engines, Kohler 6kw generator, Burgler Alarm system (calls owner's cell if broken into, high bilge water, low engine room temp), complete canvas cover package for all exterior seating, new Marine Air A/C systems (2), Raritan ice maker, aft-facing camera, and the list goes on and on.

The boat is constantly detailed, and shows like new inside and out. Her 4-sided flybridge enclosure (front 3 panels EZ2CY) is in excellent condition, as well as her cockpit and flybridge indoor/outdoor carpeting (all new 2010). Interior carpet was recently installed, new Silverton vinyl on flybridge seats, custom flybridge bug screen, new batteries, all new sanitation hoses, new Kahlenburg horn, etc... Owners have obviously loved their boat and have made constant upgrades to her. Impeccable service records are available for inspection. See full specs for more information regarding her numerous equipment and upgrade lists. This boat must be seen to be believed!!! She will fly through a survey....

Основная информация

Тип судна: Крейсер

Модельный год: 2005

Год постройки: 2005

Тип двигателя: Inboard

Тип топлива: Diesel

ПОДРОБНОЕ ОПИСАНИЕ

Accommodations

Modern lines and a proven hull grace this comfortable 2-stateroom interior, which features an innovative split head plan with a dry head and vanity to port and a separate stall shower to starboard, very unique layout!! The master stateroom is forward and features an athwartship double bed, large hanging locker, multiple drawers, separate AC controls, overhead hatch, and 20" RCA flat screen TV with SAT TV service. The guest stateroom is aft to port and features a spacious over/under berth configuration, large closet, and ample drawer storage. The galley is down and provides a nearly full-size over/under refrigerator and freezer, two-burner electric stove, convection microwave, Amtico flooring, and beautiful cherry cabinetry. The salon has fresh carpeting, custom throw-rug (snaps into place), convertible settee to starboard (sleeps 2), curved dinette, and 27" Sony Flat screen TV with SAT TV service. The oversize flybridge with pilot, companion and guest seating rounds out this value-packed model. "Schnaps Idee" also includes removable (and relatively new) exterior carpeting for cockpit, flybridge stairs, and flybridge. Silverton engineers along with the help of noted designer Donald Blount & Associates have created an easily driven hull that performs well with smaller displacement engines providing better economy and increased range. Shallow propeller tunnels have lowered the drive angle to increase efficiency and reduce the draft as well. Silverton's evolution of design and 35 years of experience will deliver the best 34 Convertible ever and at a price that will make it irresistible.

Electronics

Raymarine E127(color radar, chartplotter, fish finder) touch-screen (2012) AIS capabilities added 2014.

Raymarine P70R Autopilot (2012)

Raymarine 24" HD Digital Radome (2012)
