DETAILED INFORMATION

Introduction

The builder truly created a great luxury yacht that is certainly affordable with three efficiently designed staterooms, two nicely crafted heads, a spacious fly-bridge, and gorgeous wood-work crafted to perfection that allows this vessel to maintain good re-sale, while truly providing you with a great opportunity to enjoy yachting on a high-end luxury level. The moment you walk onto the pier and set-eyes onto this 50ft. Fartes design...the price and the sporty-appearance. Now, let's focus on why this yacht is the one for your family to enjoy for years to come. Instantly, you're going to notice the lounge area all the way Aft with teak decks, which will provide your family and friends with the luxury option of either enjoying morning breakfast as you watch the sunrise or simply sunbathing as you cruise into your next port of call. As you continue to observe the outside amenities the stainless steel handrails along the port and starboard sides affords you the luxury to walk conveniently and safely to the sun-bed all the way forward, and provides you with stability while guiding you to the spaciouly designed fly-bridge to enjoy an array of countless parties, business events, or simply a relaxing place of refuge from the sun's unforgiving ray's midday at sea. This fly-bridge is a great area spaciouly designed for the maximization of comfort, while affording you the opportunity to feel the cool-air breeze while having a few cocktails during any time of the day or night. This luxury area is equipped with spacious seating arrangements, refrigerator, and wet bar that will certainly aid your readiness for any event or engagement that may arise. Upon entering the interior...you are greeted by a warm home feel that is stunning with an array of patterns, designs, and beautifully constructed wood-craftsmanship that will guide your décor and enjoyment of this vessel for many years to come. Few vessels seem to fully capture the uniqueness in combining details to such an extent that brings the full spirit of the vessel to life; however, I believe that "Fartes" has captured this uniqueness, and I believe that you will also notice the personal touch that this vessel has to offer. The salon is simply no different, and possesses a nicely arranged custom-designed sofa with a curvature-design, which provides the whole family with spacious seating located on the starboard side in front of the Television. The galley is neatly tucked away on the Port-side and below deck allowing for optimal-space and flexibility for the perfect Chef to engage his or her work without being disturbed. This creatively designed galley is supported by a nice oven, stainless steel sink, and refrigerator providing easy access to all of the culinary-specialties. Moving forward, the excitement truly begins with a strategically placed interior cockpit located on the port-side that will give the captain of this beauty full view of both the outside and inside of this vessel; thus, even the captain will not miss any of the action during your long voyage across the seas or during a short trip to the local islands. Directly to starboard of the navigation center is yet another seating-booth that is custom made for your pleasurable journeys. The makers of this luxury yacht didn't miss any details that would sacrifice your comfort while aboard. Proceeding below decks to the guest stateroom you notice a spacious-queen bed that is surely the centerpiece with a hanging closet to accommodate life at sea between destinations. Located directly across from the guest room is the second stateroom, and sleeps two people with their own personal bed. The VIP and Guest staterooms share a nicely constructed head with a stand-

up shower built for easy access, while most importantly catering to your utmost notable guests. Last but not least, you enter the Master Stateroom located all the way forward. This is where the magic happens, this is where your dreams come true, and this is the luxury suite that will support good re-sale value, and will give you the authority to demand top dollar when you're ready to sell. This gorgeous Master has its own personal head separated from all outside activity; thus, affording you full privacy, as I'm sure you wouldn't expect anything less. This 50ft. Fartes designed luxury yacht was built for your satisfaction, built for all moments that demand the best, and built for your desire to see the world from a vantage point that sacrifices nothing in the effort to capture your full satisfaction and attention.
