14. COMMENTS

Launched by Lürssen in 2008 to a barrage of superlatives from the yachting press, this 78.5-metre motor yacht was designed by the fabled Espen Øino, with an interior by Alberto Pinto

While under construction, the yacht was known under the project name "Bermuda". TV has a baby-blue hull. A striking feature is the radar mast with its large dome and tiered design

She has been built to entertain a large amount of guests with plenty of space for different saloons, dining and relaxation areas.

She has an array of special features including a very large owner's deck with its own Jacuzzi and sunbathing areas, and a helipad which also incorporates a fuelling station.

TV was a finalist at the World Superyacht Awards 2009, and features in the 2010 edition of The Superyachts book.
