DETAILED INFORMATION

Overview

Sea Wolf is a highly customized and fully loaded 36' Open rigged for kite, deep drop and offshore fishing. All new Raymarine electronics installed in 2009 include:

E120 & E80, Sirius sat. weather receiver, 48" 12kw open array radar (Bird), AIS transponder (great for night time Swordfishing), GPS, new DSM 300 (1 kW transducer for deep dropping in depths over 1,000 ft.), Raymarine autopilot, (2) Raymarine 240 VHF radios with digital antenna.

Custom fiberglass work on helm console for new Yamaha Command Link gauges and Raymarine units.

Electric reel outlets with kristal plugs, (2) Scott electric down riggers, (4) LED light strips under gunwales, LED map light under T Top, remote control spot light on T Top, (4) new marine batteries with charger.

18' weld in Lee outriggers & center rigger installed new in 2009, (2) Tuna tubes, (2) 30 gal. aft live wells, custom leaning post, storage and 55 gal. live well, custom Alabama style T-Top with new canvas and 5 panel eisenglas, all new cushions, new full boat cover and T Top cover, electronics box, (40) rod holders, (4) heavy duty deep drop rod holders (swivel) with oversize backing plates by Lee, salt and fresh water wash downs with 25' horizontal hosecoil mounts mid ships under the gunwales, (3) gaff holders (2", 3", 4").

Hydraulic power assist steering (same type installed on new Contenders at the factory), all hydraulic cylinders and rams rebuilt in 2010.

Triple Yamaha F300 4 Strokes installed in July, 2010 with 5 year warranty, Mercury Mirage props.

Custom folding powder coated dive ladder.

Tri-axle Loadmasters trailer in excellent condition. Bearings repacked and tires checked in June, 2014.

(2) 76 gallon fish boxes

Recessed bow rails

Recessed hydraulic trim tabs

Construction

The Contender 36 is not simply an extended 31. Contender started with a clean sheet of paper and built this boat specifically for triple engines. It made the transom and stringers beefier and cored the top sides with AL600 epoxy-impregnated Baltek balsa. This new product provides a better lamination bond while virtually eliminating any possibility of water intrusion into the balsa. Otherwise, the 36 boasts the same heavily overbuilt construction as on all Contender boats. It also uses vinylester resins for maximum blister protection which, combined with bi- and Tri-axial fiberglass cloth makes for a very heavy, solid fiberglass bottom construction.

Exclusions

Owner's personal belongings.

Disclaimer

The Company offers the details of this vessel or yacht in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his representatives, agents, or his surveyors, to investigate such details as the buyer desires validated.
