Clearance: 18' 8" (5.69m)

MFG Length: 39' 0" (11.89m)

Speed, Capacities and Weight

Cruise Speed: 14 Kts. (16 MPH)

Cruise Speed Range: 500

Max Speed: 18 Kts. (21 MPH)

Displacement: 22000 Pounds

Water Capacity: 130 Gallons

Holding Tank: 30 Gallons

Fuel Capacity: 300 Gallons

Accommodations

Total Cabins: 2

Total Berths: 2

Sleeps: 4

Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Deck Material: Fiberglass

Hull Configuration: Semi-Displacement

Hull Color: White

Hull Finish: Plastic

Engine Information

Engines: 2

Manufacturer: Yanmar

Model: 4LHA-STE

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

Beginning aft, on the integrated swim platform, a center line transom door leads to the completely covered aft deck/cockpit. Full walkaround, side decks with bulwarks and side rails offer safety and a sense of security when moving around underway. Going forward, a vertical electric windlass with capstan and bow pulpit with anchor roller make setting and retrieving the anchor a breeze.

The extended salon and galley area is entered from the aft deck through aluminum framed glass sliding doors. Rich satin finished teak paneling is used throughout the interior. The salon and galley soles are teak and holly. Port and starboard pleated shades in lieu of curtains cover the windows and add to the light and airy feeling.

Immediately to starboard is a free standing reclining Ultra-leather sofa and teak hi-lo coffee/dining table. Directly across, aft to port is an entertainment center with Corian counter top, 32" flat panel TV, DVD player and AM/FM/CD receiver. There is plenty of storage above and below for glasses, bottles, and media. Forward to port is the efficient L-shaped galley with all of the amenities needed for extended cruising and entertaining. Appliances include a stand up refrigerator & freezer, electric stove with oven, microwave, built-in coffee maker and an abundance of storage above and below the Corian counter tops. The lower helm station is opposite to starboard and offers excellent visibility fore and aft. A sliding door next to the helm provides access to the starboard side deck for easy docking and mooring.

Down three steps centerline to port is the guest stateroom with a double berth and cedar lined hanging locker. The master stateroom is forward with a centerline inner spring queen berth with drawer storage beneath and two cedar lined hanging lockers. The head, with a separate stall shower is accessible from the master stateroom or the companionway directly across from the guest stateroom.

The spacious flybridge is accessed by an easy molded curved stairway on the forward starboard side of the aft deck. The forward area of the bridge has a Bimini top and is fully enclosed by Eisenglass with U-zip openings and features plentiful seating and storage. Two facing cushioned settees with storage beneath are separated by a large convertible table with two leaves which can be pulled out or tucked away when not in use. The helm station is centerline with Venturi windshield and cushioned helm seat on a pedestal. The aft portion of the flybridge is open with a perimeter double safety rail.

Engine access is through hatches in the salon floor. A hatch on the aft deck opens to the lazarette where the generator is located.

Salon

- LG 32" LCD flat panel TV

- Sony DVD player
- Clarion M309 AM/FM/CD receiver
- Insignia Glomax TV antenna amplifier
- (2) storage drawers
- Storage cabinet w/smoked sliding panels
