DETAILED INFORMATION

Vessel Walkthrough

"Pain Killer" has been kept in a dry storage Marina for the past 10 years, and has spent very few nights in the water. This fact, along with her history of excellent care and maintenance, makes her a "must see" for any 24' Albemarle buyer.

She was repowered in '02 with a Mercruiser 350 MPI Horizon, fresh water cooled with a fresh water flush attachment. A Mercruiser Bravo II stern drive was also added in '02, there are 715 hrs on this engine and drive. Risers and manifolds have been recently changed. A 3 bladed Stainless Steel propeller is currently installed, and there is a spare 3 bladed aluminum propeller stored inside of the cabin.

A new 100 gallon aluminum gas tank was installed in 2010.

Two new Todd pedestal chairs were installed in 2012. These pedestal chairs have removable cushions, and canvas dust covers. There are removable seat cushions for the two on-deck cooler boxes. The factory hardtop is in very good condition, as is the 4 sided eisinglass enclosure. Both of the lower windshield panels open for fresh air. There is a set of teak drawers for storage in front of the mates seat.

The cuddy cabin is clean and tidy. There is a teak rack on the port side of the cabin where manuals are stored. There is storage under the cushions for items like the spare prop, and lines and fenders. A porta-Potti sits beneath the center cushion.

The hull sides are routinely waxed and maintain their original gleam.

Electronics & Equipment

- Apelco FishFinder 460 Depthsounder
- Garmin 2010c color GPS/ Plotter
- Ritchie magnetic compass
- Icom M45 VHF radio
- 12 volt electric bilge pump w/ automatic float switch
