Engine Type: Outboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

Manufacturer Provided Description

In creating the 2360 CC we listened to our customers and designed a center console that is strong enough to muscle through the elements while remaining surprising agile at the controls. Storage is the name of the game in the 2360 and we have utilized every square inch available. Improved fishability with higher gunnels, larger fish boxes, more interior room and transom live well make the 2360 the best laid out fishing platform, in its class, on the market today.

Removable rear jump seats provide comfortable seating and when removed, easy access to the fish at the transom. The functional and stylish helm offers ample room for any electronics you could want and multiple storage compartments for gear and equipment. For a customized design that fits your needs, the 2360 is available with a variety of leaning posts, helm seats, two rear seating options and additional forward seating for up to eight people.

Get all this plus the softest ride in offshore fishing with the legendary Sailfish VDS4 variable deadrise stepped hull, the best performing, driest, and most fuel efficient hull in Sailfish history. For reliable performance the 2360 is equipped with dependable factory rigged 250 Yamaha outboard engine.
