Fuel Type: Diesel

DETAILED INFORMATION

Description

Interior Description

Lady Gabrielle is very sturdily built and quite luxurious. The last of 9 58' Donzi Roscioli's constructed, she defines custom and was built to very high specifications. All interior areas are cooled by a 36,000 BTU central air conditioning system. The condition of the accommodations throughout the entire boat and all other internal spaces are very well maintained and spotless. Polished teak is used extensively for floors and bulkheads throughout the interior. Lady Gabrielle offers two (2) full staterooms and two (2) day bunks. She sleeps 6+ comfortably including a centerline master queen stateroom forward with ensuite head. Just aft of the master to port is a stacked bunk room with hanging locker, overhead lights and A/C controls. Just aft of the bunk room is the second (day) head with shower. The main salon includes the galley and entertainment/office area and features a flush fill, book matched, high gloss cherry wood interior. The salon has a large open feel for an express yacht with a portside couch that converts to a set of day bunks with built in rod storage. To starboard is an L-shaped settee and desk. The galley is forward to port and includes a huge Cospolich stainless steel refrigerator, Sharp microwave convection range, pull out faucet, two burner glass top cooker and granite countertops. There is ample storage in beautifully finished cabinets and behind tambor doors. There is an abundance of cabinets for adequate storage of supplies.

Propellers, Rudders & Mechanical Equipment

Two (s) fix pitched, four bladed bronze 33x44 cm propellers. The two tail shafts are stainless steel. The boat is fitted with two (2) spade rudders. 800 GPD Offshore water maker

Ground Tackle

60 feet of 1 inch galvanized chain, 100 feet of 5/8 inch rode, and one (1) Plow master anchor. Maxwell electric anchor windlass

Main Engines, Steering Gear and Bilge Pumps

The engine room is located aft and below the salon. The yacht carries a Northern Lights 25 KW electric generator in the engine room. The vessel is powered by two 10-V 2000 M93 Common Rail 1530 HP MTU diesel engines. The steering gear is a hydraulic system. A power inverter is installed to convert voltages. The vessel has six (6) electric bilge pumps.

The battery system consists of four (4) new 4-D Gel batteries, and one for the emergency generator. The fuel tank, built into the hull, has a fuel capacity of 1,748 gallons in four (4) tanks (forward, port/starboard, engine room and cockpit) and the water tank carries a 330 gallon capacity.
