Keel Details

Keel #1 Keel Type: Bulb Ballast: 5900 lb Displacement: 16000 sq ft Max Draft: 5.00 ft

Manufacturer Provided Description

Hunter Marine's 380 is an evolutionary boat that comes from innovation and consumer input. Comfort, convenience, and livability is what the Hunter 380 is all about. Abundant natural light streams in from the Hunter signature windshield and the many fixed and screened ports - not to mention the multiple overhead hatches which also bring in a tremendous amount of fresh air. At anchor or at the dock, the placement of the ports assure you of great ventilation, and reverse cycle air and heat are an optional choice for cruising comfort. Entertaining or handling the family is easy with the enlarged salon complete with a convertible dinette and facing settee. Storage is plentiful, as is electronic space at the integrated nav station. A Corian covered, full-service galley comes complete - right down to the dishware - and any chef will adore the side-by-side ice boxes and top-loading trash bin set each side of the double basin, stainless sink. The private forward stateroom includes an en suite vanity with sink and storage as well as plenty of hanging locker space and drawer storage. Aft, there is a master stateroom with a huge queen berth and more storage. Privacy is enhanced by the dual access head that offers a Corian covered vanity, and electric marine head and shower stall all wrapped in a complete fiberglass shell for easy cleaning and maintenance. A tri-cabin version is also available for those who want to accommodate even more family or friends. On deck, the cockpit is designed for the comfort of the skipper and crew - not for the ease of the builder. By bringing the coaming out to the gunners, Hunter has increased the overall space to incredible proportions - including seating for eight. A custom console with folding table leaves is perfect for those al fresco meals.

Exclusions

Owner's personal belongings.
