SPECIFICATIONS

Overview

NEW LISTING: You do not want to miss the opportunity to own this amazing cruising vessel.

This is a beautiful Westcoast Custom 46' Express Cruiser, only 2 were built. She could also be classified as a "Fast Trawler".

Forbes Cooper is the builder at Westcoast Custom Yachts, Canada's largest boat builder (over 8,000 boats built so far). A few of the boat lines include Maple Leaf, Cooper, and Prowler.

The 46' was built with a modified Tollycraft 43' hull mold. She is very sea kindly. Solid hand laid fiberglass hull with fiberglass over foam cored top sides. The stringers are full length.

There is a lot of storage and amenities on this vessel for long range cruising or just for the weekend. She has traveled the West coast of Washington, Oregon and Northern California and has the navigation charts for Alaska to Mexico. The owners just returned from spending the summer in northern BC, Desolation Sound, the Gulf Islands and the San Juans. Please email me for more information and to see this amazing Cruising vessel.

At 1,400 rpm she runs at 9 knots burning 4.75 gph

At 2,000 rpm she runs at 13 knots burning 13 gph

Her top speed is 20 knots with a light load.
