SPECIFICATIONS

Overview

The Truly Classic 51 features an elegant classic sheer, spoon bow, angled transom, classic flush teak deck, low coach roof and an aft cockpit all in combination with the renowned contemporary Hoek Design underwater configuration.

The yard has been carefully selected to build this Hoek designed TC 51 due to the very high quality of workmanship, as was experienced by Hoek Design with previous projects.

This yacht is a further development of the existing 50 and 51 ft series, optimising the contemporary underwater body- and rig configurations. As a result, the improved performance is making the TC 51 a powerful, yet safe and easy to handle sail yacht, with forgiving handling characteristics.

The interior is beautifully crafted in Anigre. The layout features a master cabin forward, over the full width of the boat with ensuite. The two double cabins aft share one bathroom and access onto the large open plan saloon with galley and navigation station and one additional (pilot) berth.

Basic Information

Category: Classic Yacht

Model Year: 2013

Year Built: 2013

Country: Spain
