BROKERS REMARKS

The owners have a full time Captain that meticulously maintains this vessel to the highest

standards. Vessel runs well and shows extremely well.

The vessels home port is in Georgia and the vessel comes to Florida during the winter months. The vessel has been to the Florida Keys and spent three months in the Bahamas. The boat has only been lightly fished. The owners use the boat as a get-away to relax, snorkel, dinner cruise and catch the sunsets.

Vessel is truly turn key and ready to take you to your next destination. The shallow draft will allow you to cruise the Florida Keys and the Bahamas.

A great boat to make those unforgettable memories with your family and friends!
