

## PANACEA — HATTERAS

**Builder:** HATTERAS

**Year Built:** 2007

**Model:** Motor Yacht

**Price:** PRICE ON APPLICATION

**Location:** United States

**LOA:** 64' 11" (19.79m)

**Beam:** 18' 3" (5.56m)

**Min Draft:** 4' 8" (1.42m)

**Max Draft:** 4' 9" (1.45m)

**Cruise Speed:** 27 Kts. (31 MPH)

**Max Speed:** 31 Kts. (36 MPH)

Our experienced yacht broker, Andrey Shestakov, will help you choose and buy a yacht that best suits your needs **PANACEA — HATTERAS** from our catalogue. Presently, at Shestakov Yacht Sales Inc., we have a wide variety of yachts available on our sale's list. We also work in close contact with all the big yacht manufacturers from all over the world.

If you would like to buy a yacht **PANACEA — HATTERAS** or would like help answering any questions concerning purchasing, selling or chartering a yacht, please call **+1(954)274-4435**

## DETAILED INFORMATION

---

### Salon

---

The Salon features a high gloss polyester finish on the African Mahogany joinery that continues throughout the vessel's interior. Of the various woods and finishes Hatteras used this is the most sought after.

To starboard is a custom L shaped leather sofa with storage below with a rectangular burl wood and glass top coffee table in front. To port are two upholstered club chairs flanking a cherry cabinet with ample storage and a Isotherm stainless steel (new 2012) icemaker within. Three additional cabinets are behind the club chairs. A fixed position 42" Panasonic plasma TV is forward to port facing aft for a great viewing angle from the sofa. Large side windows are covered by duet blinds in recessed pockets. The cool air from the air conditioning system is delivered via decorative valances port and starboard above the windows.

Also in this area are steps to the Galley/Pilothouse area, stereo speakers and 19 DC light fixtures, AC duplex outlets, a Whisperwall headliner, DC low level lighting behind Salon valances, smoke and CO detector, digital SMX air conditioning controls and a Xantech controller to access the yacht's very complete music system. Hunter Douglass aft door blinds are hidden behind the door valance until needed.

Of special note is the raised Hatteras electrical switching panel just inside the door to port. No more selecting power sources while on your knees. A matching cabinet to starboard offers three shelves of storage space.

### Galley

---

The Galley is open to the Salon and three steps up to the starboard side. The sole is Amtico vinyl strip flooring. To starboard there is a pantograph style door to the starboard side deck. The Galley itself is U shaped facing forward. The equipment includes:

Subzero 700 BR under counter refrigerator double drawer unit Subzero 700 BR under counter refrigerator double drawer unit (new 2012) Frigidaire 24" oven (custom) Kitchen Air 4 burner ceramic cook top Sharp Carousel microwave convection oven built in above countertop w/light & exhaust fan Badger ½ HP Garbage disposal (new 2014) FCI watermaker remote control panel Dual position analog water level gauge (18) Mahogany finish cabinet doors above & below countertop (5) Storage drawers w/Mahogany finish Custom Kosmos Supreme (new 2012) granite countertops w/bull nose edge Under mount Franke stainless steel sink w/removable spray faucet Soap dispenser (4) Drawers w/a granite top forward of the side door facing the Galley Digital SMX AC controls Fitted dishes & glassware are within & included in the sale (new 2012) (5) Halogen mini spots above (5) LED under counter lights (3) Centrally located GFCI's under Galley sink

To the port side is a raised Dinette Area to seat four to five with four drawers and additional storage below. The table top is matching Kosmos Supreme (new 2012) granite on two stainless steel pedestals. The entire dinette was newly recovered in 2012 and the area is raised for excellent outside visibility with one large storage drawer in the riser.

Seven varnished Mahogany steps to the Flybridge are just aft of the Dinette, with a clear Lexan hinged door to let in natural light.

Also in this area are CO and smoke detectors, SMX air conditioning controls, stereo speakers, dimmable AC lighting and rope lighting.

A 20" Sharp Aquos LCD TV is mounted in the forward starboard corner and is easily seen from the Galley or Dinette.

---

## Pilothouse

---

Open to the Galley, Dinette and Salon aft, the centerline Lower Helm of this 64 Hatteras offers great visibility in all directions. The mullions between the three panel windshield are padded Ultra vinyl as well as the areas around the large size safety glass windows.

Equipment includes: (2) Furuno 15" Navnet displays for radar & chart plotting & video depth Navnet flush mounted control panel Simrad AP25 autopilot control head 72 Mile Furuno 1954 CBB w/6' open array antenna Icom IC-M604 VHF (new 2012) w/remote mounted mic Simrad IS 15 digital depth gauge (2) CAT LCD digital ECM displays American Bow Thruster bow & stern thruster controls integrated into one panel Electric defogger fans Hydraulic power assist steering 5" Ritchie Powerdamp Compass w/dimmable light CAT single lever electronic clutch & throttle controls Remote mounted SD card reader (new 2012) Backup CAT engine controls in a nearby cabinet Electronic synchronizer controls via CAT electronic controls (3) Intermittent windshield wiper/washer controls Pompanette custom helm chair, upholstered in Ultra Leather ACR Point Pad searchlight controls (2) VDO Electric fuel gauges (2) VDO analog voltmeters Hatteras LCD alarm panel Trim tab controls Fuel transfer controls Battery parallel switch Nav light controls (5) Bilge pump controls Emergency manual clutch & throttle controls in cabinet to starboard Central vacuum outlet (2) Red night running lights over helm on a dimmer Wesmar digital stabilizer controls w/7" TFT LCD monitor screen (new 2014) See Remarks section for more detail. Central vacuum outlet

---

## Companionway

---

From the starboard side of the Pilothouse area are eight curved steps leading to the area below decks. Both the walls and headliner are covered in Whisperwall panels. Just a few steps down are the large pantry cabinets for the Galley and another cabinet door accesses the entertainment center electronics to include the following equipment: Xantech digital AM/FM dual tuner, Denon 5 disc DVD/CD player, Denon AM/FM tuner amp, Xantech Eight Zone audio/video controller and

a Direct TV DVR box. The area under the Helm is accessed by a cabinet half way down the steps and has (27) 24 volt DC breaker panels with (32) breaker protected circuits, a KVH Fleet 33 Tracphone handset, the service point for the KVH system and the cable/air AB switch for the TV's. There is a stacked but separate Bosch Axis washer and a Bosch Axid dryer (both new 2012) behind a door at the base of the stairs. The steps have step lights, handrails and a carpeted covering with removable runner. The bottom two steps lift up to reveal additional storage. The yacht's Vac Magic central vacuum system is hidden within a cabinet.

---

## Master Stateroom

---

The full beam Master Cabin is centerline in the yacht affording the best ride and most quiet area to sleep.

The berth is a tapered king size off the aft bulkhead on centerline and has a Zeno custom innerspring mattress (new 2012). The headboard is upholstered as is the base of the berth. The headboard sits on a full beam mirrored panel. To both port and starboard are three drawer nightstands. Reading lights are built into the soffit above. Generous two shelf storage lockers are both port and starboard. The portside has a built in Denon DVD player and a Sentry digital safe.

Banks of drawers (six each side) are both port and starboard finished in high gloss Mahogany. Next forward are twin two door Mahogany faced hanging lockers with cedar lining and an auto light within. Also in the port locker is a Direct TV DVR/Sat box. Fluted wood valances with fixed Roman shades and Duettes cover the port and starboard portholes.

Air conditioning is delivered through decorative fluted wood cornices both port and starboard.

Also in this cabin are stereo speakers with volume control, both AC and DC light fixtures, a 32" LG LED TV built into the bulkhead at the foot of the berth, a custom hinged mechanism allows for optimum viewing angle (all new 2012), rope lights under the berth, a full length dressing mirror, smoke and CO detectors, Whisperwall headliner and SMX digital air conditioning controls.

The tray ceiling treatment adds height to this spacious cabin.

---

## Master Stateroom Head

---

Accessed only from the Master is the private Master Head. The sole is marble tiles that continues into the shower. The Mahogany bow front vanity has two storage doors below and a Kosmos Supreme (new 2012) granite countertop with under mount sink and a single lever faucet. The area above the sink is mirrored with halogen lighting and cherry medicine cabinets forward. The toilet is a Headhunter jet head.

Prior to initial construction the rather cumbersome tub was changed out to a large walk in stall shower (rare factory option) with marble tiles and a shelf with a clear glass door and sidelights.

The shower fixture is handheld or wall mountable. Also in the head is ample lighting, an exhaust fan, an AC vent, newer wallpaper, rope lighting beneath the toe kick and mirrored overheads to make the space look larger.

---

## Port Guest Cabin

---

Entered via a door at the base of the lower level Companionway is the Port Guest Cabin. Entering from the forward end the twin lower berths run fore and aft with a full upholstered headboard (new 2012). Between the berths is a three drawer Mahogany nightstand. At the foot of the outboard berth is a cedar lined hanging locker with auto light and a Denon DVD player. Built into the closet bulkhead is a Sharp Aquos 20" LCD TV, the mattresses are custom Zeno inner spring platform mattresses (new 2012).

Also in this cabin is a full length mirror on the back of the entry door, stereo speakers with volume control, air conditioning dispersed through a fluted wood valance with hidden rope lighting, CO and smoke detector, Whisperwall headliner, fully mirrored aft bulkhead, AC and DC light fixtures and SMX air conditioning controls.

A private entrance to the third Head is most forward.

---

## Port Guest Head

---

With its dual access doors the Port Guest Head located just forward of the base of the accommodations stairs also serves as the Day Head.

The sole is a Mosaic tile (new 2012). The Mahogany vanity has two cherry doors below the bow front black Mosaic countertop (new 2012) with under mount Kohler sink and single lever faucet. Two mirrored medicine cabinet doors are above the sink.

The toilet is a fresh water Headhunter jet head. The stall shower has a clear plexiglass door, seat, shelf, light, handheld or wall mounted shower fixture and an automatic sump.

Also in this area are AC and DC lights, an AC exhaust fan, air conditioning outlet, rope lights at the toe kick, light and a mirrored overhead.

---

## VIP Bow Stateroom

---

All the way forward is the VIP with a queen size centerline berth with rope lighting below. The upholstered headboard sits atop a mirrored bulkhead with an access panel to the chain locker forward hidden by mounted artwork.

Overhead is a screened deck hatch with privacy shade and screen for both ventilation and emergency escape.

The berth itself raises on pneumatic cylinders to reveal a cedar lined storage area. The mattress is a Zeno innerspring mattress (new 2012). Mahogany nightstands are built into the hull sides both port and starboard. Above are four each side storage cabinets finished in high gloss Mahogany topped with a fluted air conditioning delivery valance. The aft portside cabinets houses a Denon DVD player.

At the foot of the berth on both the port and starboard sides are twin cedar lined hanging lockers with auto light. Also to port is a 20" Sharp Aquos LCD TV built into the bulkhead. To starboard is access to the private VIP Head.

Also in this cabin are padded panels on the hull side, a full length dressing mirror on the back of the entry door, AC and DC light fixtures, smoke and CO detector, rope lighting below the berth and SMX air conditioning controls.

---

## VIP Head

---

Accessed only from the VIP Cabin is the VIP Head. The Mahogany vanity has two doors below the bow front with under mount Kohler sink and single lever faucet. Two mirrored medicine cabinet doors are above the sink.

The sole of this Head is tiled in Oceanside glass tile (new 2012).

The toilet is a fresh water Headhunter jet head. The stall shower has a clear plexiglass curved door, seat, light, handheld or wall mounted shower fixture and an automatic sump.

Also in this area are AC and DC lights, an AC exhaust fan, air conditioning outlet, rope lights at the toe kick, light and a mirrored overhead.

---

## Foredeck

---

Fiberglass non skid decks Maxwell vertical windlass upgraded to Model 1700 Polished stainless steel anchor chute w/roller Up & down deck switches for windlass 75 lb. Stainless steel Plow anchor w/300' 5/16 chain Stainless steel bow rails w/pennant staff (4) Spring line cleats Dual air horns Sun pad on bow deck w/cover & removable cushions Full walk around side decks w/handrails Frameless windows, front & sides w/tinted safety glass Bomar opaque deck hatch into VIP International navigation lights (3) Speich windshield wipers & washers Black Textulene windshield cover w/solid white cover that can be piggy backed for full sun protection (new 2012) ACR searchlight on brow of Flybridge (rebuilt 2013) Pantograph side door to Galley on starboard side, modified for ease of side deck passage Textulene Pilothouse window covers Custom twin 50 amp 220V portside bow power hook up Starboard side rail break for boarding Marquipt Tide Ride ladder brackets at side entry door Chafe stainless steel plate for side door (new 2012)

## Aft Deck

Teak sole on Cockpit (106 sq. ft.) Custom hinged stainless gate in lieu of chain gate from Aft Deck to steps for swim platform AC duplex GFCI protected outlet (4) AC stainless steel trimmed lights in hardtop overhead (2) Molded fiberglass steps to side decks port & starboard w/teak treads (new 2012) (2) Molded fiberglass steps w/teak decking w/DC lights to swim platform Welded & polished stainless steel three panel door to Salon w/sliding center panel (2) Pioneer stereo speakers w/volume control Molded bench seating for five w/upgraded Sunbrella cushions & cover Custom Aft Deck table w/high gloss varnish & cover Large deck access hatch to Utility Room & Engine Room on gas chocks (8) Fiberglass steps to Flybridge w/storage cabinet below (new teak treads 2012) 7 Step Marquipt Tide Ride ladder stored on Aft Deck w/cover (new 2012) Molded fiberglass swim platform (Sport Deck) w/teak deck covering Freshwater wash down outlet w/Quick Disconnect hose connection (5) Stainless steel hoop rails at swim platform w/(2) place storage receptacles at transom (2) Pop up cleats for tender mooring at swim platform Telephone/CATV inlets w/cords behind hinged door (2) 50 amp shore cord reels behind hinged door Ensign staff w/ensign Fender tracks on hull sides custom extended forward (new 2012) Engine & generator exhaust exits through hull side near transom Hidden drop down Aft Deck full engine clutch & throttle controls including both thrusters Hot & cold shower aft Aft facing Elbex camera Removable Textulene sun shade aft of seating (new 2012)

## Flybridge

Molded non skid fiberglass deck w/removable carpet (carpet new 2012) 282 sq. ft. including 100 sq. ft. Boat Deck Polished stainless steel grab rails & stanchions Tinted acrylic windscreen w/stainless rail 3 Side EZ2CY enclosure w/(3) vents forward w/Stratoglass aft side panels w/(3) Custom vents forward Centerline Helm Helm cover Radar arch w/masthead light & anchor light Pipewelders custom fiberglass hardtop integrated to arch w/(8) dimmable blue LED overhead lights Pompanette helm & companion seat w/covers (Stidd type) w/fold down footrests L shaped lounge w/custom cushions, cover & storage below (cushions new 2012) Hinged door to Pilothouse Pioneer speakers w/volume control Wet bar w/sink, molded top, U Line refrigerator behind aft door (refrigerator new 2012) Omni directional TV antenna Absolute Black granite table w/(2) stainless steel bases (table new 2012) Nautical Structures 1100 lb. fully hydraulic davit UMT tender chocks & tie downs Large sun cushions forward of Helm Hinged door & stainless steel safety rails to Aft Deck steps Marine Air 24,000 BTU air conditioning system w/SMX controls Revere 6 person canister life raft Custom cabinet w/(2) Gaggenau 240V grills under a hinged fiberglass cover w/(2) large storage cabinets below LG 26" LCD TV on Flybridge (new 2013)

## Flybridge Navigation Electronics

Hydraulic power assist steering (2) 15" Furuno Nav Net displays for radar & plotter & sounder (2) Separate Navnet control pads (one new 2012) Simrad AP-25 autopilot control head Simrad IS-15 digital depth (2) CAT LCD digital ECM displays Icom IC-M604 VHF w/remote mic ACR URP-102

Point Pad searchlight controls American Bow Thruster integrated bow & stern thrust controls (5)  
 Bilge pump indicator lights Trim tab controls Start/stop controls Windlass controls Hatteras digital  
 systems monitor CAT electronic clutch & throttle controls 5" Ritchie Powerdamp compass  
 Wesmar stabilizer controls (new 2014) (2) VHF antennas (new 2013) Helm cover

## Lazarette/Crew Area

---

Accessed from a hatch in the Aft Deck or the large transom door (new seals 2014) is the Lazarette and Crew Area.

A single berth on the portside has an upholstered mattress keeper and matching berth cover with pillow sham. The Zeno mattress was new in 2012.

At the foot of the berth is a Sharp Aquos 20" LCD TV. There is a reading light as well as two stainless steel trimmed DC lights overhead.

The Crew Head is all the way aft and 5'6" headroom. There is a fold down stainless steel wash basin, a handheld or wall mountable shower fixture and a Headhunter toilet on the portside. A two step ladder gives access from the transom hinged door. Overhead are two stainless steel trimmed lights. An opaque shower door separates this area from the Crew Cabin/Lazarette area.

Equipment in the Lazarette includes: 4.6 cu. ft. U Line freezer (new 2012) Five step stainless steel ladder to Aft Deck (3) Storage drawers for parts Domestic water manifold (2) 220V Headhunter Mach 5 pumps, one as primary, one as backup (new 2012). Turn a valve and flip a switch to select. Charcoal water filter Headhunter Puffer water accumulator tank AC system for Crew Cabin Breaker panel to select bow or stern power supply Dri deck decking AC & DC overhead lights CO monitor

## Engine Room

---

(5) AC fluorescent light fixtures (4) DC incandescent light fixtures DC ventilation blowers FM 200 fixed fire extinguishing system w/automatic & remote controls plus audible & visual discharge signal Fiberglass air intake system for Engine Room & engine combustion air w/baffeling & filters to minimize water intrusion Electric fuel transfer system w/filtration & day tank protection for pump Freshwater spigot w/hose AC compressed air system w/air line, regulator & hose Dockside water inlet w/pressure regulator (5) 2000 GPH 24V DC bilge pumps (3) 3700 GPH 24V DC sump pumps (sealed from bilge) Bonded bronze ball valves throughout 24 volt sewage pump plumbed for dockside pump out w/alarm plus overboard discharge Rubber deck mat between engines Discharge sea chests Pick up sea chests Engine start/stop switches in Engine Room 1" Stainless steel steering tie bar w/self aligning, pivoting ball joints Neutral interlock switches allowing engines to start in neutral only Steel laminated into fiberglass stringers at key locations to bolt engine mounts Engine Room bulkheads & overheads built from resin infused composite w/PVC foam core between laminated fiberglass 16 hp hydraulic American Bow Thruster w/dual 5

blade props operates hydraulically from either transmission mounted pump, allowing for full backup of one engine fails 16 HP Hydraulic American Bow Thruster w/dual 5 blade prop STERN THRUSTER Water manifold w/centralized shut off valve for sinks & showers Protruded fiberglass rudder shelf w/stainless steel tie bar 220 volt 30 gallon hot water heater 86,000 BTU direct expansion, reverse cycle AC compressors w/SMX controls for yacht's interior 24,000 BTU direct expansion, reverse cycle AC compressors w/SMX control for Flybridge Aquamet 22 3.5" stainless steel shafts Elbex Engine Room camera Dripless shaft seals Stainless steel rudders w/mounted spares Dripless rudder seals 7 Blade Nibral high performance propellers Stainless steel electro/hydraulic trim tabs Internal strainers for engines, generators, air conditioners, etc. Oberdorfer oil changing system w/quick disconnect hoses (2) Generator exhaust/water separators Dual Racor fuel filters w/vacuum gauges for each engine (4) Coolant recovery bottles (2) Racor 500 fuel filters for generators (2) Reverso fuel priming pumps Insulated door between Engine Room and Lazarette Fuel tank as follows: Keel fwd 485 gal. Keel aft 610 Aft port 210 Aft starboard 210 (2) Oberdorfer fuel transfer pumps, one as emergency backup 110 Volt house air compressor 1200 GPD FCI watermaker w/digital control panel (new membranes 2014) Emergency electric 110 volt bilge pump Mounted 40V fan Cupranickel AC manifold replaced w/all nylon fittings for longevity (new 2013) (6) Ocean LED 2010 HD blue underwater lights (new 2014) Wesmar model RS600 hydraulic stabilizers including 4801 High Speed Triple Axis Gyro (new 2014) \$80,000 Main engines cooling system chemically finished (2014) Centerline overhead grab rail Porter cable household air compressor (new 2012) Hydraulic system cooling pump (new 2014) Wesmar dedicated hydraulic tank for stabilizer system (new 2014)

## Electrical

110V/220 volt AC electrical systems 12V/24 volt DC electrical systems (2) 24 volt banks of HD 12 volt marine batteries (4) mounted in fiberglass boxes Mastervolt 240 volt gel/lead acid compatible battery charger, 50 amp, new 2011 Automatic battery parallel system w/switch at helms (2) Jefferson electric 15 KVA isolation transformers w/boost selector at main switch panel (2) 50 amp Glendinning shore cord reels Battery control panel w/fuses & isolation switches DC electronics panel w/magnetic circuit breaker AC distribution panel w/magnetic circuit breakers Newmar 32/12/50 converter for electronics (4) Guest battery switches (3) Mastervolt battery isolators AC switching panel with: \* source selector switches \* digital volt meter \* digital amp meter \* frequency meter \* Generator start/stop controls \* Voltage boost tap switch \* Interlock selector breakers for shores or ship's power

Hatteras Systems Monitor w/programmable logic controller read out w/visual & audible signals for: \* high exhaust temperature \* Alternator malfunction \* Battery voltage \* High bilge water \* Fire warning in Engine Room \* Fire extinguisher discharge \* AC power loss \* Smoke detector activation \* Carbon monoxide detector activation \* Holding tank  $\frac{3}{4}$  full alarm

GFCI protected outlets throughout

Onan 21.5 kW electronic Quiet diesel generator w/shock mounts, sound enclosure, hour meter & water lift muffler, 709 hours port Onan 21.5 kW electronic Quiet diesel generator w/shock mounts,

sound enclosure, hour meter & water lift muffler, 711 hours starboard 20 Gallon hot water heater (new 2013) Bow & stern shore power supply breakers in Crew Area

---

## Construction Details

---

Built on a solid fiberglass bottom, the hull sides and superstructure are cored with a PVC foam coring material. The bottom has a blister resistant vinylester resin skin coat. Fuel tanks are built of fire retardant resin and coated with fire retardant paint.

---

## Remarks

---

PANACEA was built with all of the popular options including:

- 1550 HP C-32 CATs with under 770 hours
- Twin 21 KW gensets
- ABT Hydraulic bow and stern thrusters
- Crew Cabin with swim platform access door
- Air conditioned Flybridge with Pipewelders hardtop
- African cherry high gloss joinery with high end stonework
- Preferred three cabin layout with crew option
- Bow and stern shore line inlets

Purchased mid 2012, her new owner treated her to countless improvements including all new soft goods and stonework, Fabrica Masai carpet throughout, handmade Vahallan wallpaper in the Heads and a detailed fitting out of all her systems.

The electronics received a \$10,000 backend update where new Furuno Black Box processor, sounder module, transducers and networking were added retaining the Visible Furuno Nav Net hardware.

During yard visits in 2014 she saw bottom paint, cutlass bearings, prop speed added, a new gold boot top in awlgrip and perhaps the most valuable improvement any 64' Hatteras can have, stabilizers. After much research the Wesmar system with the new Triple Axis controller was chosen and installed. The results were so dramatic the owner decided to upgrade to a 72' Hatteras MY to cruise even further afield. PANACEA represents the cleanest, best equipped and most "ready to go" Hatteras 64 ever to be offered for sale. A bold statement? Come see for yourself!

---

## Exclusions

---

While every effort was made to list all pertinent included equipment aboard PANACEA, there are some personal belongings aboard. Prospective purchasers should assume any item not specifically mentioned herein will not convey at closing.

---

## Exclusions

---

Owner's personal belongings.

---
