DETAILED INFORMATION

Vessel Walkthrough

Entering the huge salon area of "Alican," one will immediately notice the stunning satin finished Cherry woodwork that is absolutely breath-taking. It is accented by custom moldings and hand-cut Egyptian marble, giving "Alican" a very upscale feel. To port is the huge custom Buckskin leather U-Shaped sofa with storage below. This area is also accompanied by a beautiful Hi-Lo table with fold-out leaves to create a dining area. To starboard you will find the 42" Sony television that can be viewed in its down position or electrically lifted position, it is a focal point either way. Moving further to starboard you have two bar stools which have their own counter area for dining or cocktails. On the same side, there is a full bar and great storage. All the way forward presents the over-sized dinette with its own TV and storage area below. The dinette also converts to a bed if desired. The dinette features two custom wine drawers underneath that are cooled by the vessel's air condition system. Across to port is the giant galley with great counter space and tremendous cabinet storage. Moving forward down the companionway to port is the VIP stateroom featuring a full queen berth with storage below. This stateroom has plenty of closet storage, an attic area and a pocket door to enter into its own full head and shower. Across to port is the guest stateroom with over-sized over/under bunks with storage below bottom bunk. This room also has great locker storage and shares a Jack & Jill full head and shower with the other guest stateroom. Slightly forward is the second guest stateroom which has a double berth below and large single berth above. Moving forward to port, you will find the tackle room, this is the "real-deal" for tackle storage. It features complete organized sections for all your different types of rods, it is truly amazing! Across to starboard houses the laundry room, which is a must for extended traveling. All the way forward is the enormous highly custom master stateroom featuring a king berth with storage below. This room is wrapped in rich Cherry Wood along with beautiful lighting and decor to make it off the charts. Fantastic storage was well thought out for long fishing adventures. The full head is in the fore-peak of the bow and offers great storage and a huge shower.

Remarks

"Alican" was built for a very knowledgeable owner and is very well thought-out, every inch is utilized. She is an excellent platform for all types of fishing. There is plenty of room and storage to accommodate a large family for extended adventures. "Alican" offers a great ride in rough waters and a 35 knot cruise at 112 gallons per hour, very

efficient design. She's extremely well built and shows beautifully.
