Overview

The name Davis is synonymous with North Carolina boat building for good reason. Buddy Davis was a visionary sport-fishing mate, captain and then one of our best known boat builders. His talent for trying new and innovative techniques, materials and designs made him one of the most respected builders of all time. REEL TURNER represents a culmination of all that experience. She is the last boat built as Davis Yachts in North Carolina and one of his best. Combining speed, sea keeping and a comfortable platform, Buddy built the 58 to be fish-able, livable and beautiful. REEL TURNER has been maintained by 2 very knowledgeable owners. New Paint and Bausch American Molded Hardtop in June 2010. She is in fantastic condition and ready for her next adventure. Smaller high quality Center Consoles or Express models considered as partial trades. Don't miss this one, call today!
