## Description

---

SY Silandra V is a custom long-range performance cruiser developed by Luca Brenta and built at the Nautor's Swan Factory in Finland. She is truly unique, featuring an impressive array of innovations that combine to create the perfect cruising yacht with competitive racing potential.

Launched in 2006 and refitted in late 2012, SILANDRA V is a classic blue-water cruiser, her smooth motion and gentle manner mean that she is ideal to take her owner on long passages in comfort by being meanwhile a fast cruiser-racer, offering luxurious sailing for passionate sailors and discerning guests.

Her sandwich hull is built using carbon and aramid fibres to achieve a strong and rigid construction. The hydraulic high tech lifting keel reduces draft to only 2.65m while in the down position, reaches 4.47m allowing both impressive upwind performance and stability and access to the most secluded and sheltered waters.

She accommodate up to 6 guests in 3 suits. She is also capable of carrying up to 3 crew on-board to ensure a relaxed luxury yacht experience. SILANDRA V offers: - Comfortable cruiser with modern styling - Large internal volumes due to raised saloon - Light displacement being an all carbon boat - Easy sail handling through hydraulic and sail handling automation - Long range capability, reliable due to system duplications

## Exclusions

---

Owner's personal belongings.
