SPECIFICATIONS

Overview

Regarded by many as the prettiest boat BC ever built, this 55 footer is big and beamy, handles a sea well and offers a sturdy, stable fishing platform for any application. Having been repowered in 2008 with a pair of Caterpillar C12s, the boat provides a nice 24-25 kt. cruise and burns around 40 gph. Laid out inside as a high end charter boat, she is rigged for comfort, entertainment and very efficiently for daily fishing or to travel with a crew. Currently docked at the Oregon Inlet Fishing Center, she is available boat only or also offers the rare opportunity to purchase the boat and keep it in charter service at the fishing center. Current captain has slip and well established business. With this fuel economy, the purchase options, the great ride and the smart, comfortable layout, this boat stands out among the few comparable to her in today's market. Come see us in NC and take a look at this rig!

Basic Information

Category: Sport Fisherman

Model Year: 1995

Year Built: 1995

Country: United States

Dimensions

LOA: 55' 0" (16.76m)
