Total Cabins: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 450 Diamond Series

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

The salon has a well-placed wraparound conversation seating area with high/low table to starboard, facing a built-in entertainment package, including Bose Surround Sound LS 25 system, to port. This system is powered by a Sony stereo with 5 disc changer and accompanied by a JVC TV. There is a stylish liquor cabinet with ice-maker and Corian tops on all cabinetry.

Moving forward is a full-size galley to port, with stand-up refrigeration, microwave, storage and cook-top. Across from the galley is the dinette, which has excellent seated visibility of the water.

The master stateroom features a luxurious queen-size center island berth, overhead lighting, and Sharp flat-screen TV and JVC CD/stereo. This space is enhanced with a dressing table with mirror. There's a hatch privacy screen and screened portholes for ventilation and natural light. A full-length hanging locker is cedar-lined and affords plenty of storage.

The spacious mid stateroom features twin berths that convert to a double, making this stateroom adaptable to your guest needs. Overhead lighting and reading lights provide an elegant ambiance while the full length, cedar-lined hanging locker affords plenty of stowage. This stateroom has its own entrance to the day head along with a flat screen TV.

The two fully molded heads boast Vacu-Flush toilets, enclosed shower stalls, mirrored medicine cabinets, vanity, sink and exhaust fans. Digital marine air with reverse cycle throughout and a central vacuum system eases the duty of keeping this vessel ship-shape!

Galley

- Norcold refrigerator with freezer
- (3) burner electric stove
