Overview

Call today for details!

Viking created a new chapter in motor yacht construction with the design of the new tri-level 75 MY. The all-new running surface utilizes the available horsepower to her advantage for speed, efficiency, ease of handling, and sea-keeping ability. Powered by twin CAT C32A 1925 HP engines, the 75 MY's entry is sharp and raked.

Combined with luxury and performance, the 75 MY represents one of the finest motor yachts on the market today. We are sure that she will become your latest obsession! We encourage you to call today to speak with one of our Viking specialists.

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

With long flowing lines and unrivaled perfection, the 75 MY is a floating palace. Twin molded fiberglass staircases lead from the teak planked swim platform to the aft deck with its U-shape lounge and table. A sliding glass door makes a grand entry to the expansive salon where warm, hand-finished teak joinery and plush, designer fabrics and soft leathers await your arrival. Infused with soft, natural lighting that feeds in from the windows, the salon is warm and inviting.

A custom made sofa and cocktail table on the port side faces teak cabinetry with a built-in entertainment center and flat screen television, which rises on an electric lift. Moving forward, the center area combines a formal dining area with seating for eight, and a fully furnished galley.

Atlantic Marine Electronics furnish the lower helm station with a state-of-the-art electronic navigation and communication package. The helm area features a pair of leather seats with additional seating available at the port settee. The main exterior deck forward also provides lounge seating, along with a large sun pad, ideal for sunning, reading or relaxing. Multiple lounges on the flybridge deck are ideal for entertaining and relaxing. Additional amenities include a wet bar and grilling area.
