SPECIFICATIONS

Overview

Off The Grid is one of the nicest kept Pershing 88's you'll find anywhere! It was originally built & delivered for the US market and displayed at the 2003 Lauderdale show. In 2008, with its 2nd owner, the boat saw extensive upgrades including, but not limited to full paint job, all new teak decks, new a/c chiller, new engine room insulation, etc... Since 2008, the boat has spent much of its life stored undercover and used only seasonally. Currently with her 3rd owner since April 2012, the boat has continued to be captain maintained and lightly used, mostly in S. Florida waters. There are only 1400 total boat/engine hours to date. Offering the performance, innovation and luxury that define Pershing, don't miss this well-priced opportunity! Easy to see in Fort Lauderdale.

Basic Information

Category: Cruiser
